

Dear Parent/Carer

Supporting Year 11 Students with Science revision

We are writing to inform you of the ongoing support available to Year 11 students as they continue their preparation for their GCSE Science examinations.

Weekly Educake Quizzes

To support effective revision, students are being set short, weekly recall quizzes on Educake. These quizzes are designed to help students revise content in manageable chunks and regularly revisit key knowledge. Completion of this work will be monitored closely. Any student who does not complete the weekly Educake quizzes will be required to attend a compulsory after-school catch-up session that will take place on Tuesdays in Room 103. For most students this work should only take a few minutes each week, the time taken to complete these tasks is visible to staff and some teachers may give students some small additional tasks to support their learning.

After School drop in sessions

We are pleased to offer a weekly science drop-in session for Year 11 students. This session will take place in Room 30 on a Thursday after school and provides an opportunity for students to ask a science teacher questions, receive additional explanation of topics they find challenging, or complete past paper questions with teacher support.

Paper-Based Revision Resources

For those who prefer physical materials, **CGP revision guides** are available to purchase again at discounted a rate through **WisePay until Friday 13th February** These books are a valuable supplement to classroom learning and can be used alongside, or instead of, the online resources. The revision guides are available for both foundation and higher tier papers, at a price of £6.50. Students in the triple science classes should select the individual science revision books available at £3.50 each. (Biology, Chemistry, Physics). Further information about the revision guides can be found on the CGP webpage.

[New GCSE Chemistry AQA Higher Revision Guide with CGP RevisionHub | CGP Books](#)

[New GCSE Physics AQA Higher Revision Guide with CGP RevisionHub | CGP Books](#)

If you would like to purchase a revision guide but you are unsure which option is most appropriate, please speak to your class teachers.

Thank you for your continued support in helping your child prepare effectively for their science examinations. Should you have any questions, please do not hesitate to contact the Science Department.

Yours faithfully,

Dr J Owen

Head of Science
