Dear Parent/Carer,

We have rescheduled the Year 13 mocks to take place in school from Monday 8th March to Friday 19th March. However, if schools are still closed to Year 13 then we will reschedule this again for the summer term. To enable teachers to accurately assess students this half term we have added an additional assessment week, from Monday 1st to Friday 5th February. During this week students will have an hour long assessment for each of their subjects. To enable the assessments to be fair for all students, we will be using the attached timetable to ensure all students complete the assessment at the same time.

Students will be given the assessed task at the start of the lesson and will be expected to complete the task and submit it back to their teacher one hour later. Each assessment will be bespoke for individual subjects and will enable students to show their teachers the level of understanding they have on a specific area of the syllabus. Heads of Department will issue students with guidance on the content and style of the assessment so that they can fully prepare.

It is vital that students can access the assessment on time at the start of the lesson and submit it back to their teacher before the end of the lesson. Work that is late will not be graded. If a student is unable to access the assessment at that time due to technology issues, please contact Mrs Hughes in the sixth form office and we will arrange for that assessment to be safely conducted in school.

Ofqual is currently working on alternatives to exams in the summer and once we know how students will be assessed we will share that with you. Regardless of the system that is put in place in the summer, the assessment week will allow teachers to collect performance data about each student. It is important, therefore, that students take these assessments seriously and ensure that they are fully prepared.

If you have any questions please email sixthformoffice@hazelwick.org.uk

Kind regards,

Joe Hillier
