## 1.8 **List of Hyperlinks**

Annex 1 contains a full list of hyperlinks used in this policy

## 2. INTRODUCTION

Safeguarding children and child protection applies to all children up to the age of 18.

**Safeguarding** is the action taken to promote the welfare of children and protect them from harm.

**Safeguarding** means:

- Protecting children from abuse and maltreatment
- Preventing harm to children's health or development

- Ensuring children grow up with the provision of safe and effective care
- Taking action to enable all children and young people to have the best outcomes

**Child Protection is part of the safeguarding process.** It focuses on protecting individual children identified as suffering from, or likely to suffer, significant harm. This includes child protection procedures which detail how to respond to concerns about a child.

Safeguarding children is everyone's responsibility. Everyone who comes into contact with children and families has a role to play.

The purpose of this policy is to inform staff<sup>1</sup>, parents, volunteers and governors about Hazelwick's procedures for safeguarding children and to enable everyone to have a clear understanding of how these responsibilities should be carried out.

We recognise that all adults, including temporary staff, volunteers and governors, have a full and active part to play in protecting children from harm and that the child's welfare is our paramount concern.

All staff members believe that our school should provide a caring, positive, safe and stimulating environment that promotes the social, physical and moral development of the individual child.

### **3. SAFEGUARDING CULTURE IN OUR SCHOOL**

#### **3.1 Child Protection Statement**

Hazelwick takes its responsibility to safeguard children extremely seriously and this school will train and empower all staff to recognise and respond effectively to protect a child who may be at risk of significant harm.

#### **3.2 It could happen here**

We will ensure all staff members in our school maintain an attitude of 'it could happen here, it does happen here'; and feel able to raise concerns either about a child at risk or a member of staff whose behaviour may present a risk to a child.

#### **3.3 Our school will**

1. Have safeguarding at the heart of everything we do.
2. We will maximise opportunities to hear the voice of all of our children and young people and do all we can to understand their lived experience.
3. Maximise opportunities to teach our children/young people how to keep safe both in the real and virtual world.
4. Support the child's development in ways that will foster security, confidence and independence.
5. Provide an environment in which children and young people feel safe, secure, valued, respected and confident.

<sup>1</sup> Wherever the word 'staff' is use, it covers ALL staff on site, including ancillary and supply staff, and volunteers working with children

6. Recognise where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. We also recognise it is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour, and education.
7. Ensure that all of our young people know a member of staff they can communicate with if they are worried about something.
8. Where there is a safeguarding concern, governing bodies, proprietors and school leaders should ensure the child's wishes and feelings are taken into account when determining what action to take and what services to provide. Systems should be in place for children to express their views and give feedback. Ultimately, all systems and processes should operate with the best interests of the child at heart.
9. Make sure all of our staff, including volunteers, know how to contact child protection agencies should they need to.
10. Provide a systematic means of monitoring children known or thought to be at risk of harm, and ensure the school contribute to assessments of need and support packages for those children.
11. Emphasise the need for good levels of communication between all members of staff and between the school and other agencies.
12. Have and regularly review a structured procedure within the school which will be followed by all members of the school community in cases of suspected abuse.
13. Develop and promote effective working relationships with other agencies, especially the Police and Children's Social Care, including Integrated Prevention and Early Help.
14. Ensure that all adults within our school who have access to children have been recruited and checked as to their suitability in accordance with Part 3 of Keeping Children Safe in Education 2022.
15. Part of promoting effective working relationships, we are aware of the requirement for children and young people to have an Appropriate Adult present in certain circumstances involving the police – for example, during searches. We will be aware of Statutory guidance - PACE Code C 2019 – and ensure our children and young people are supported as appropriate.
16. Have in place other up to date policies which support safeguarding.
17. Make sure all staff are aware of the systems within school which support safeguarding. We will explain this on induction together with sharing details of this policy, behaviour policy, Code of Conduct, the school response to children who go missing from education, and role of the Designated Safeguarding Lead.
18. Whether in respect of child-on-child abuse or any other safeguarding situation, all staff will reassure the young person who reports any concerns, that they will be taken seriously and kept safe. Staff will never give a young person the impression they are creating a problem by reporting abuse, sexual violence or sexual harassment nor should a young person ever be made to feel ashamed for making a report.
19. Our staff will also recognise the need to support siblings of all of those involved in any child-on-child sexual violence or harassment.

### **3.4 Voice of the Child – Working Together to Safeguard Children 2018**

Hazelwick recognises the findings in Working Together to Safeguard Children 2018, where children expressed that they wanted an effective safeguarding system to be:

- Vigilant: to have adults notice when things are troubling them
- Understanding and actioned: to understand what is happening; to be heard and understood; and to have that understanding acted upon
- Stable: to be able to develop an ongoing stable relationship of trust with those helping them
- Respectful: to be treated with the expectation that they are competent rather than not
- Informed and engaged: to be informed about and involved in procedures, decisions, concerns and plans
- Explained: to be informed of the outcome of assessments and decisions and reasons when their views have not met with a positive response
- Supported: to be provided with support in their own right as well as a member of their family
- Advocated: to be provided with advocacy to assist them in putting forward their views
- Protective: to be protected against all forms of abuse and discrimination and the right to special protection and help if a refugee

We will use this information to support the training of our staff and review this and other policies as appropriate.

### **3.5 Children may not feel ready or know how to tell**

All our staff should be aware that children may not feel ready or know how to tell someone that they are being abused, exploited, or neglected, and/or they may not recognise their experiences as harmful. For example, children may feel embarrassed, humiliated, or being threatened. This could be due to their vulnerability, disability and/or sexual orientation or language barriers. This should not prevent staff from having a professional curiosity and speaking to the DSL if they have concerns about a child. It is also important that staff determine how best to build trusted relationships with children and young people which facilitate communication.

### **3.6 Extra-familial abuse**

All of our staff, but especially the designated safeguarding lead (and deputies) should consider whether children are at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual abuse (including harassment and exploitation), domestic abuse in their own intimate relationships (teenage relationship abuse), criminal exploitation, serious youth violence, county lines, and radicalisation

## **4. STATUTORY FRAMEWORK**

The school will act in accordance with the following:

### **4.1 Government legislation and guidance**

- The Children Act 1989

- The Children Act 2004
- Education Act 2002
- Keeping Children Safe in Education (DfE September 2022) [Keeping children safe in education - GOV.UK \(www.gov.uk\)](https://www.gov.uk/government/publications/keeping-children-safe-in-education)
- Sexual Violence and sexual harassment between children in schools and colleges 2021:  
[https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/999239/SVSH\\_2021.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/999239/SVSH_2021.pdf)
- Teaching online safety in school (DfE 2019) [here](#)
- Working Together to Safeguard Children 2018 [here](#)
- Regulated Activity in relation to children [here](#)
- The Education (Child Information) (England) Regulations 2005
- Prevent Duty for England and Wales (2015) under Section 26 of the Counter-Terrorism and Security Act 2015
- Section 5B of the Female Genital Mutilation Act 2003 (as inserted by Section 74 of the Serious Crime Act 2015)
- Dealing with Allegations of Abuse against Teachers and other staff (2012)
- Children Missing in Education – [Statutory guidance 2016](#)
- West Sussex Safeguarding Children Partnership and Pan-Sussex safeguarding procedures – [West Sussex Safeguarding Children Partnership](#)
- Behaviour in Schools - [Behaviour in schools guidance \(publishing.service.gov.uk\)](https://www.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/999239/behaviour-in-schools-guidance)

## 5. CONFIDENTIALITY

1. As a general principle, all matters relating to child protection are confidential and should only be shared on a 'need-to-know' basis.
2. The Headteacher or Designated Safeguarding Lead will disclose any child protection related information where the receiving member of staff can play an active role in safeguarding that child.
3. All staff must be aware that they have a professional responsibility to share information with other agencies in order to safeguard children.
4. All staff must be aware that they cannot promise a child to keep secrets if doing so might compromise the child's safety or wellbeing.
5. The intention to refer a child to Children's Social Care will be shared with parents/carers unless to do so could put the child at greater risk of harm, or impede a criminal investigation. If in doubt, advice should be sought from Integrated Front Door (formerly MASH).
6. KCSIE 2022 very clearly outlines the expectations on our Designated Safeguarding Lead (DSL) in promoting the educational outcomes for children by sharing information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced. Our school will follow this guidance.
7. KCSIE 2022 outlines that the DSL will share information with staff where appropriate and necessary, so they know who these children are, understand their academic progress and attainment and maintain a culture of high aspirations for this cohort.

Our school will support teaching staff to identify the challenges that children in this group might face and the additional academic support and adjustments that they could make to best support these children.

8. Our school will approach sharing of such information sensitively, in collaboration with the child or young person, parents and carers. When supporting the educational outcomes for a child, staff may need to know that the child is or has been supported by safeguarding agencies, but it will often not be necessary to share the details of the actual safeguarding concerns.

## **6. RESPONSIBILITIES**

### **6.1 Our School**

As a school we recognise staff have a vital role to play in safeguarding children because staff can identify concerns early, provide help for children, and prevent these concerns escalating. We also recognise that ALL staff have a responsibility to provide a safe environment in which children can learn.

### **6.2 We will**

1. Ask our children what they want from an effective child protection system.
2. Establish and maintain an environment where children feel secure, are encouraged to talk and are listened to.
3. Be aware of the signs of abuse and maintain an attitude of “it could happen here” with regards to child protection.
4. Ensure that children know that there are adults in the school whom they can approach if they are worried about anything, whether in school, at home, or in general.
5. That all ensure all staff will know what to do if a child tells them they are being abused or neglected.
6. Ensure that all staff will know how and where to record their concerns and report these to the Designated Safeguarding Lead, as soon as possible.
7. If a child is in immediate danger, know how to refer the matter to the Integrated Front Door and/or the police immediately.
8. Support pupils in line with their Child Protection Plan and notify the Designated Safeguarding Lead of any child on a Child Protection Plan who has an unexplained absence.
9. Actively plan opportunities within the curriculum for children to develop the skills they need to assess and manage risk appropriately and keep themselves safe.
10. Be aware of and follow the [Sussex Child Protection & Safeguarding Procedures](#), produced by West Sussex, East Sussex, and Brighton & Hove. This will include the referral process.

11. Have **read and understand Part 1 of Keeping Children Safe in Education September 2022** (or for staff not working directly with children, the condensed version of part 1 found at Annex A of KCSiE) and be alert to signs of abuse and know to whom they should report any concerns or suspicions.
12. Participate in safeguarding training as part of our induction process.
13. Ensure all staff receive safeguarding and child protection updates as required, **but at least annually**, to provide them with relevant skills and knowledge to safeguard children.
14. Ensure that they know who the Designated and Deputy Safeguarding Lead(s) is/are and how to contact them.
15. Be aware of the 'early help' process and understand their role in it. This includes identifying problems and working effectively with other agencies that provide support to pupils.
16. Immediately refer to the Headteacher or Principal if they have concerns about another member of staff.
17. Immediately refer to the Chair of Governors and/or the Local Authority Designated Officer where the concerns are about the Headteacher or Principal.
18. That all staff, including volunteers, will, where a child is suffering, or is likely to suffer from harm, recognise it is important that a referral to local authority children's social care (and if appropriate the police) is made immediately. Referrals should follow the local referral process.

### **6.3 Statutory & Other Responsibilities of the Governing Body**

1. The nominated Governor for Child Protection in this school is:  
Name: Julia Jellicoe
2. The Governing Body takes seriously its responsibility to safeguard and promote the welfare of children in its care and to work together with other agencies to ensure adequate arrangements within our school to identify, assess, and support children who are, or who may be, suffering harm.
3. We as a governing body recognise, as outlined at para 81 KCSiE 2022, that governing bodies and proprietors should ensure that all governors and trustees receive appropriate safeguarding and child protection (including online) training at induction. This training should equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place in schools and colleges are effective and support the delivery of a robust whole school approach to safeguarding. Their training should be regularly updated.

4. As a governing body we are aware of our obligations under the Human Rights Act 1998, the Equality Act 2010, (including the Public Sector Equality Duty, and their local multi-agency safeguarding arrangements.
5. As a governing body we recognise The Human Rights Act 1998 (HRA) sets out the fundamental rights and freedoms that everyone in the UK is entitled to and contains the Articles and protocols of the European Convention on Human Rights (ECHR) (the Convention) that are deemed to apply in the UK. It compels public organisations to respect and protect an individual's human rights when they make individual decisions about them.
6. We recognise, under the HRA, it is unlawful for schools and colleges to act in a way that is incompatible with the Convention. The specific convention rights applying to schools and colleges are:
  - a) Article 3: the right to freedom from inhuman and degrading treatment (an absolute right)
  - b) Article 8: the right to respect for private and family life (a qualified right) includes a duty to protect individuals' physical and psychological integrity
  - c) Article 14: requires that all of the rights and freedoms set out in the Act must be protected and applied without discrimination, and
  - d) Protocol 1, Article 2: protects the right to education.
7. As a governing body we recognise being subjected to harassment, violence and or abuse, including that of a sexual nature, may breach any or all of these rights, depending on the nature of the conduct and the circumstances.
8. As a governing body we recognise schools have obligations under the Equality Act 2010.
9. According to the Equality Act, schools must not unlawfully discriminate against students because of their sex, race, disability, religion or belief, gender reassignment, pregnancy and maternity, or sexual orientation (protected characteristics).
10. Whilst all of the above protections are important, in the context of safeguarding, this guidance, and the legal duties placed on schools in relation to safeguarding and promoting the welfare of children, governing bodies and proprietors should carefully consider how they are supporting students with regard to particular protected characteristics - including disability, sex, sexual orientation, gender reassignment and race.
11. Provisions within the Equality Act allow schools and colleges to take positive action, where it can be shown that it is proportionate, to deal with particular disadvantages affecting students with a particular protected characteristic in order to meet their specific need, this includes a duty to make reasonable adjustments for disabled children and young people, including those with long term conditions. A school or college, could, for example, consider taking positive action to support girls if there was evidence they were being disproportionately subjected to sexual violence or sexual harassment.

12. The Public Sector Equality Duty (PSED) is found in the Equality Act. Compliance with the PSED is a legal requirement for state-funded schools and colleges, advice on this – including on specific duties, is set out in the advice linked in paragraph 90 of KCSiE 2022.
13. The PSED places a general duty on schools and colleges to have, in the exercise of their functions, due regard to the need to eliminate unlawful discrimination, harassment and victimisation (and any other conduct prohibited under the Equality Act), to advance equality of opportunity and foster good relations between those who share a relevant protected characteristic and those who do not. The duty applies to all protected characteristics (see para 87 of KCSiE) and means that whenever significant decisions are being made or policies developed, specific consideration must be given to the equality implications of these such as, for example, the need to eliminate unlawful behaviours that relate to them such as sexual violence and sexual harassment, misogyny/misandry and racism.
14. We recognise that this is just one reason why good record-keeping and monitoring of all forms of abuse and harassment is essential and we will as a governing body decide on how we monitor this.
15. We recognise the PSED helps schools and colleges (which are subject to it) to focus on key issues of concern and how to improve pupil and student outcomes. Some pupils or students may be more at risk of harm from specific issues such as sexual violence, homophobic, biphobic or transphobic bullying or racial discrimination. Such concerns will differ between education settings, but we recognise it is important to be conscious of disproportionate vulnerabilities and integrate this into their safeguarding policies and procedures.
16. Keeping Children Safe in Education 2022 makes clear that governing bodies and proprietors should have a senior board level or equivalent lead to take **leadership** responsibility for their schools or colleges safeguarding arrangements and to ensure there are appropriate policies and procedures relevant to their particular setting.
17. As a governing body we will facilitate a whole school approach to safeguarding. As a governing body we will decide how we facilitate that approach and ensure that all our systems, policies and procedures operate with the best interests of children at their heart.
18. We will ensure that our child protection policy reflects our whole school approach to child-on-child abuse, and we will ensure that all members of staff are aware of their specific roles and responsibilities.
19. We will ensure all of our policies and procedures reflect the guidance within KCSiE 2022. In addition, we will ensure we have appropriate policies and procedures in place that enable all staff to respond effectively to safeguarding concerns tailored to the specific needs of our school / setting.

#### **6.4 Child Protection Policy & Procedure**

1. We will make sure the safeguarding policies & procedures in the school are always effective and comply with the law. This will include a Child Protection Policy which is reviewed at least annually and is made available publicly, either on-line or by other means.
2. We will make OUR child protection policy:
  - Reflects the whole school/college approach to child-on-child abuse reflects reporting systems
  - Describes procedures which are in accordance with government guidance;
  - Refers to locally agreed multi-agency safeguarding arrangements put in place by the safeguarding partners; (And use the WSCC schools safeguarding guidebook, 2022/23, to assist our school respond to concerns within the local context.)
  - Includes policies as reflected elsewhere in Part two of KCSiE 2022 where appropriate, reflects serious violence.
  - Is reviewed annually (as a minimum) and updated if needed, so that it is kept up to date with safeguarding issues as they emerge and evolve, including lessons learnt;

#### **6.5 Attendance Policy & Safeguarding**

1. A policy which puts in place appropriate safeguarding responses to children who do not attend or go missing during the school day or who are children missing education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual abuse or exploitation, and to help prevent the risk of them going missing in future.
2. Where reasonably possible, our school will hold more than one emergency contact number for each pupil or student. This goes beyond the legal minimum, but we recognise that it is good practice for our school to have additional options to make contact with a responsible adult when a child goes missing from education, or who does not attend or goes missing from school, is also identified as a welfare and/or safeguarding concern.
3. Our school will always take immediate steps to safeguard a vulnerable child. For example, an inability to make contact with a parent / carer despite immediate and repeated efforts will not impede urgent safeguarding action, for example calling the police for a child who is at risk and has gone missing during the school day.
4. Ensuring we follow the correct procedures outlined in this policy when removing a pupil from roll, or adding a pupil to our roll, at non-standard transition points.

#### **6.6 Staff Behaviour Policy**

1. We will have in place a Staff Behaviour Policy (sometimes called a Code of Conduct) which should, amongst other things, include acceptable use of technologies staff/pupil relationships and communications including the use of social media.
2. This will include how school manage low level concerns.

### **6.7 Appointing a Designated Safeguarding Lead & Deputies**

1. Appointing a Designated Safeguarding Lead who is a senior member of staff from **our leadership team**, who has responsibility for safeguarding and child protection. This should be explicit in the role-holders job description in line with Annex C of Keeping Children Safe in Education 2022.

### **6.8 Audits and Review – including Peer Reviews**

1. Through regular review and audit, ensure that any safeguarding deficiencies or weaknesses within the school are remedied without delay.
2. Our school will also consider whether a peer review by another school or an audit of our safeguarding provision would be of benefit.

### **6.9 Child Protection Records**

Ensuring that child protection records are maintained in accordance with KCSiE 2022, are kept securely and separately from other records, in accordance with GDPR, and are only accessed by staff that need to.

### **6.10 Allegations against teachers, other staff, including supply teachers and volunteers**

1. As a Governing Body we are aware of our duties under Part Three and Part Four, Keeping Children Safe in Education 2022 – safer recruiting and managing allegations made against teachers, other staff, including supply teachers and volunteers.
2. As a Governing Body we aware of the new guidance within KCSiE regarding low level concerns.
3. We recognise that our duties relate to members of staff, supply staff and volunteers who are currently working in any school or college regardless of whether the school or college is where the alleged abuse took place.
4. We are aware of our responsibilities in respect of supply teachers, as outlined in part 3 of Keeping Children Safe in Education 2022.
5. We are aware that allegations against a teacher who is no longer teaching should be referred to the police. Historical allegations of abuse should also be referred to the police.
6. We will ensure that there are procedures in place to effectively manage allegations against all staff members, including low level concerns.
7. We will train our staff to enable them to raise concerns and, as a school, we will follow the guidelines outlined in Part 4 of Keeping Children Safe in Education 2022.

8. Our school will refer cases to the Local Authority Designated Officer (LADO) where a member of staff, supply or agency staff or volunteer has, either inside or outside of school:
  - i. behaved in a way that has harmed a child, or may have harmed a child;
  - ii. possibly committed a criminal offence against or related to a child;
  - iii. behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
  - iv. behaved or may have behaved in a way that indicates they may not be suitable to work with children.
9. All such cases, and in cases of any doubt as to whether the matter reaches threshold for an allegation, advice and guidance must be sought from the LADO before any internal investigation begins.
10. For further information on how we will respond to any such allegations see section 13 below.

#### **6.11 Other areas of note**

1. Ensuring that we discharge our responsibilities as a Governing Body in respect of adhering to the reporting restrictions imposed by the Education Act 2002 where teachers are under investigation.
2. As a Governing Body we will also ensure parents and carers are aware of their responsibilities not to publish any information during such investigations as highlighted in paragraph 388 of Keeping Children Safe in Education 2022 and section 141F of the Education Act 2002.
3. Recognising that neither the Governing Body, nor individual Governors, have a role in pursuing or managing the processes associated with individual cases of child protection.
4. Recognising that neither the Governing Body, nor individual Governors, have a right to know details of such cases, except when exercising their disciplinary functions in respect of allegations against staff.
5. Making sure all staff are familiar with the contents of Part 1 or Annex A of Keeping Children Safe in Education 2022 and that all staff have been trained appropriately, frequently and in line with statutory guidance.
6. By making sure any staff training includes how local services work together to safeguard children and how our school safeguarding leads and deputies work with the safeguarding partnership and other agencies as outlined in Working Together to Safeguard Children to keep children safe.
7. Ensuring that the school is contributing to inter-agency working, which includes engaging with our local Early Help hub in a coordinated manner to provide support to our children as soon as needs are identified.
8. Appointing a Designated Teacher for Children Looked After, recognising and reflecting in school procedures and this policy that children looked after are particularly vulnerable.

9. When considering our responsibility to safeguard and promote the welfare of children and provide them with a safe environment in which to learn, we recognise governing bodies and proprietors should be doing all that they reasonably can to limit children's exposure to the above risks from the school's or college's IT system. As part of this process, governing bodies and proprietors should ensure their school or college has appropriate filters and monitoring systems in place and regularly review their effectiveness. They should ensure that the leadership team and relevant staff have an awareness and understanding of the provisions in place and manage them effectively and know how to escalate concerns when identified. Governing bodies and proprietors should consider the age range of their children, the number of children, how often they access the IT system and the proportionality of costs versus safeguarding risks.
10. For e-learning, making sure that appropriate filters and appropriate monitoring systems are in place to safeguard against potentially harmful and inappropriate online material.
11. By working with parents and carers in making sure that appropriate filters and appropriate monitoring systems are in place whilst the children are accessing the internet at home, to safeguard against potentially harmful and inappropriate online material.

**6.12 Our school recognises the statutory status of Relationship Education, Relationship and Sex Education and Health Education from September 2020.**

1. As governors we welcome this along with the opportunity to teach our children about safeguarding including online, through teaching and learning opportunities and as part of providing a universal broad and balanced curriculum.
2. As a Governing Body we recognise the advice at pages 33 / 34 of KCSiE 2022 regarding the opportunities to teach safeguarding and in particular:
  - a. Governing bodies and proprietors should ensure that children are taught about how to keep themselves and others safe, including online. It should be recognised that effective education will be tailored to the specific needs and vulnerabilities of individual children, including children who are victims of abuse, and children with special educational needs or disabilities.
  - b. In schools, relevant topics will be included within Relationships Education (for all primary pupils), and Relationships and Sex Education (for all secondary pupils) and Health Education (for all primary and secondary pupils). In teaching these subjects schools must have regard to the statutory guidance,<sup>36</sup> which can be found here. Colleges may cover relevant issues through tutorials.
  - c. Schools and colleges play a crucial role in preventative education. Preventative education is most effective in the context of a whole-school or college approach that prepares pupils and students for life in modern Britain and creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobic and sexual

violence/harassment. The school/college will have a clear set of values and standards, upheld and demonstrated throughout all aspects of school/college life. These will be underpinned by the school/college's behaviour policy and pastoral support system, as well as by a planned programme of evidence-based RSHE delivered in regularly timetabled lessons and reinforced throughout the whole curriculum. Such a programme should be fully inclusive and developed to be age and stage of development appropriate (especially when considering the needs of children with SEND and other vulnerabilities). This program will tackle at an age-appropriate stages issues such as:

- i. healthy and respectful relationships
- ii. boundaries and consent
- iii. stereotyping, prejudice and equality
- iv. body confidence and self-esteem
- v. how to recognise an abusive relationship, including coercive and controlling behaviour
- vi. the concepts of, and laws relating to- sexual consent, sexual exploitation, abuse, grooming, coercion, harassment, rape, domestic abuse, so called honour-based violence such as forced marriage and Female Genital Mutilation (FGM), and how to access support, and
- vii. what constitutes sexual harassment and sexual violence and why these are always unacceptable.

### **6.13 Training**

Governors will ensure they and all school staff, including volunteers, are trained at least annually in respect of safeguarding. Governors will also consider what other bespoke training would enable them to fulfil their governance obligations.

### **6.14 Safer Recruiting**

1. As a Governing Body, we will ensure the school creates a culture of safer recruitment and as part of that adopt recruitment procedures that help deter, reject or identify people who might abuse children.
2. Our school WILL follow the procedures set out in Part 3: Safer Recruitment. Keeping Children Safe in Education, September 2022. This includes ensuring taking up references for each shortlisted candidate **before** interview and ensuring that at least one member of any appointing panel, including at shortlisting, will have attended safer recruitment training.
3. We recognise that it is good practice to record the details of the member of staff who is safer recruitment trained within the selection process to enable subsequent audit / scrutiny.
4. We will take advice from human resources / legal services where necessary.

### **6.15 Single Central Record**

1. We will ensure that our school maintains a single central record in line with Part 3, of Keeping Children Safe in Education 2022.

2. We will remind all staff, at least annually, that they must, straightaway, bring to the attention of the headteacher any material changes in circumstances or other information of relevance.
3. For supply teachers, we are aware that we must obtain written notification from any agency, or third-party organisation who we are using, that the organisation has carried out the checks (in respect of the enhanced DBS certificate, written notification that confirms the certificate has been obtained by either the employment business or another such business), on an individual who will be working at our school.
4. Where any supply position requires a barred list check, we recognise that this must be obtained by the agency or third party prior to our school appointing the individual.
5. We are aware of the checks that must be undertaken for trainee or student teachers, and will make sure, depending on circumstances, that either the school or training provider will undertake all relevant checks.
6. Our school will always check that the person presenting themselves for work from a supply or other agency is the same person on whom the checks have been made.
7. If there is any doubt that all relevant checks have not been completed then the person whom the checks relate to will not be allowed to engage in any regulated activity at our school.

#### **6.16 Disclosure and Barring Referrals**

1. We recognise that our school has a legal duty in making a referral <https://www.gov.uk/guidance/making-barring-referrals-to-the-dbs> regarding anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult where:
  - a. The harm test is satisfied in respect of that individual;
  - b. The individual has received a caution or conviction for a relevant offence, or if there is reason to believe that the individual has committed a listed relevant offence; and
  - c. The individual has been removed from working (paid or unpaid) in regulated activity or would have been removed had they not left.
2. We recognise that this is a legal duty for our school and failure to refer when the criteria are met is a criminal offence.

#### **6.17 Resignations and Settlement Agreements**

1. Our school recognises that if the accused person resigns, or ceases to provide their services, this should not prevent an allegation being followed up in accordance with this policy and the guidance contained in Part Four of KCSiE 2022.
2. A referral to the DBS must be made if the criteria are met - see above and Part Four of KCSiE 2022.

3. We also recognise we must also consider whether a referral to the Secretary of State, through a referral to the Teacher Regulation Authority <https://www.gov.uk/guidance/teacher-misconduct-referring-a-caset> as appropriate.
4. If the accused person resigns or their services cease to be used and the criteria are met for a referral to DBS it will not be appropriate to reach a settlement/compromise agreement. We recognise that any settlement/compromise agreement that would prevent a school or college from making a DBS referral even though the criteria for referral are met, is likely to result in a criminal offence being committed. This is because the school or college would not be complying with its legal duty to make the referral.
5. As a Governing Body we recognise it is important that every effort is made to reach a conclusion in all cases of allegations bearing on the safety or welfare of children, including any in which the person concerned refuses to cooperate with the process. Wherever possible, the accused should be given a full opportunity to answer the allegation and make representations about it. But the process of recording the allegation and any supporting evidence and reaching a judgement about whether it can be substantiated based on all the information available, should continue even if that cannot be done or the accused does not cooperate. It may be difficult to reach a conclusion in those circumstances, and it may not be possible to apply any disciplinary sanctions if a person's period of notice expires before the process is complete, but it is important to reach and record a conclusion wherever possible.
6. 'Settlement agreements' (sometimes referred to as compromise agreements), by which a person agrees to resign if the employer agrees not to pursue disciplinary action, and both parties agree a form of words to be used in any future reference, should not be used in cases of refusal to cooperate or resignation before the person's notice period expires. Such an agreement will not prevent a thorough police investigation where that is appropriate.
7. We will take advice from Human Resources/Legal Services where necessary.

#### **6.18 Consideration of referral to the Secretary of State – Teaching Regulation Agency**

1. We recognise that in any case concerning the dismissal or where we cease to use the services of a teacher because of serious misconduct or might have dismissed them or ceased to use their services had they not left first, we must consider whether to refer the case to the Secretary of State (via the Teaching Regulation Agency). Details about how to make a referral to the Teaching Regulation Agency can be found on <https://www.gov.uk/guidance/teacher-misconduct-referring-a-case>
2. We will take advice from Human Resources/Legal Services where necessary

#### **6.19 Ongoing vigilance**

1. We recognise that as a governing body we should ensure we have processes in place for continuous vigilance, maintaining an environment that deters and prevents abuse and challenges inappropriate behaviour.

2. To support this, it is important that school and college leaders create the right culture and environment so that staff feel comfortable to discuss matters both within, and where it is appropriate, outside of the workplace, which may have implications for the safeguarding of children. This can assist employers to support staff, where there is a need, and help them manage children's safety and welfare, potentially providing them with information that will help them consider whether there are further measures or changes to procedures that need to be put in place to safeguard children in their care.

#### **6.20 Existing staff**

1. There are limited circumstances where schools and colleges will need to carry out new checks on existing staff. These are when:
  - a. an individual working at the school or college moves from a post that was not regulated activity with children into work which is considered to be regulated activity with children. In such circumstances, the relevant checks for that regulated activity **must** be carried out;
  - b. there has been a break in service of 12 weeks or more; or
  - c. there are concerns about an individual's suitability to work with children.
2. For colleges, an individual moving from a position that did not involve the provision of education to one that does, **must** be treated as if that individual were a new member of staff and all required pre-appointment checks **must** be carried out.

#### **6.21 Use of school premises for non-school activities**

1. We recognise that the hire or rent out of school or college facilities/premises to organisations or individuals (for example to community groups, sports associations, and service providers to run community or extra-curricular activities) we as a governing body should ensure that appropriate arrangements are in place to keep children safe.
2. When services or activities are provided by the governing body or proprietor, under the direct supervision or management of their school or college staff, our normal arrangements for child protection will apply. However, where services or activities are provided separately by another body this is not necessarily the case. The governing body or proprietor should therefore seek assurance that the body concerned has appropriate safeguarding and child protection policies and procedures in place (including inspecting these as needed); and ensure that there are arrangements in place to liaise with the school or college on these matters where appropriate. We as a governing body recognise we should also ensure safeguarding requirements are included in any transfer of control agreement (i.e., lease or hire agreement), as a condition of use and occupation of the premises; and that failure to comply with this would lead to termination of the agreement.

#### **6.22 Our Pupils attending alternative provision**

Where any of our young people attend any alternative provision:

1. We will ensure the alternative provision has undertaken all relevant safer recruitment checks required for their staff and have confirmed that in writing to us

2. Have appropriate policies in place to keep our children safe whilst attending and have shared those policies with us where necessary
3. Record that we have made these enquiries before our young person attends.

We will also ensure continued safeguarding of our student:

1. That we maintain regular contact with the alternative provider regarding any ongoing or new safeguarding concerns
2. Record specifically who is taking action to keep the child safe
3. Who is monitoring, what that looks like and how often.
4. Attendance and who will respond when the pupil is absent.
5. That any risk assessment is completed before our student attends – for example, exploitation risks for the child / young person using the train to travel some distance to the alternative provider.
6. That 1 – 5 above are reviewed regularly and who is responsible for doing that.

### **6.23 Professional Disagreements & Concerns**

1. We recognise that, on occasions, there are disagreements between safeguarding professionals. Should any such situations arise in our school, we will always keep the child at the centre, and we will support the children and staff in our school by ensuring that our school follow the correct procedure should it be necessary to escalate concerns to the safeguarding children partnership. <https://www.westsussexscp.org.uk/professionals/professional-disagreements-and-concerns>

### **6.24 West Sussex Safeguarding Children Partnership**

1. From Tuesday 25<sup>th</sup> June 2019 the West Sussex Safeguarding Children Board was replaced by the West Sussex Safeguarding Children Partnership where three lead agencies; Health Partnership, Police and the Local Authority, will work together as joint and equal partners to shape bespoke arrangements for the needs of the children in West Sussex. As a Governing Body, we are fully committed to working with the Partnership and will enable governors and our safeguarding lead to attend events and briefings on how the partnership will support our children.

## **7. THE DESIGNATED SAFEGUARDING LEAD (DSL)**

At Hazelwick, any individual can contact the Designated Safeguarding Lead if they have concerns about a child.

The Designated Safeguarding Lead in this school is:

Name: Dave Leadbitter Date 07/09/2021

The Deputy Designated Safeguarding Lead in this school is:

Name: Matt Chalmers Date 07/09/2021

Additional core members of the safeguarding team are:

Paul Myers, Lee Evans, Joe Hillier, Anthony Cahill, Adam Chase, Carmel Checkland, Debbie Hughes, Ann Fearon

Whilst the activities of the Designated Safeguarding Lead can be delegated to appropriately trained deputies, the ultimate lead responsibility for child protection, as set out above, remains with the Designated Safeguarding Lead; this responsibility should not be delegated.

### **7.1 The Designated Safeguarding Lead**

We recognise Keeping Children Safe in Education (KCSIE) 2022, Annex C, gives an overview of the role of the DSL.

The Designated Safeguarding Leads and Deputy within our school will have the role explicitly stated in their job description.

The Safeguarding Lead will:

1. Assist the Governing Body in fulfilling their responsibilities under Section 175 or 157 of the Education Act 2002.
2. Attend initial training for their role and refresh within two years.
3. Keep their knowledge and skills updated at least annually.
4. Ensure that all staff know who the Designated Safeguarding Lead is, their role and how to make contact.
5. Ensure that all staff understand their responsibilities in relation to signs of abuse and responsibility to refer any concerns to the Designated Safeguarding Lead. In addition, the Designated Safeguarding Lead should ensure that all staff read and understand Part 1 of Keeping Children Safe in Education 2022 and have a record of when this was done.
6. Our DSL will pay particular attention to training staff and volunteers who have been unable to attend whole-school safeguarding training days.
7. Ensure that new staff participate in safeguarding training as part of their induction.
8. Ensure that all staff receive safeguarding and child protection updates as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children. The Designated Safeguarding Lead will also ensure staff, including all senior leaders and Chairs of Governors/Safeguarding Governors, are kept fully aware of any significant changes or updates to local authority child protection and safeguarding procedures, as and when they occur.
9. Be the lead for the school when engaging the managing professional difference protocol when there is disagreement between the school and other agencies in respect of action taken to keep a child safe. Found [HERE](#).
10. Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children, including children with a social worker, are experiencing, or have experienced, with teachers and school and leadership staff.
11. Liaise with relevant curriculum leads in setting to ensure Relationship Education, Relationship and Sex Education and Health Education is concerned within all aspects of the curriculum.
12. Maintain child protection records for each child where concerns have been raised and ensure the receiving school is informed of any concerns and files are transferred when the child moves to another educational setting.

13. During term time the designated safeguarding lead (or a deputy) will be available (during school hours) for staff to discuss any safeguarding concerns. Whilst generally speaking the DSL would be expected to be available in person, during exceptional circumstances this availability will be via phone or other such media is acceptable.
14. It is a matter for our schools and the designated safeguarding lead to arrange adequate and appropriate cover arrangements for any out of hours/out of term activities. Hazelwick will ensure that the Local Authority are provided with up to date emergency contact details should the Local Authority need to discuss an urgent safeguarding matter/issue/concern when school is closed.

## **7.2 The Designated Safeguarding Lead is expected to:**

1. Refer cases of suspected abuse to the West Sussex Integrated Front Door (formerly MASH). Where a referral is made, that notes are completed the same day.
2. Support staff who make referrals to Local Authority Children's Social Care.
3. For open cases, where a child / young person already has an allocated social worker, to refer any new concerns immediately to the allocated social worker.
4. For all child protection conferences, ensure reports are generated and shared ahead of the conference and in line with West Sussex Safeguarding Partnership expectations<sup>10</sup>.
5. Refer cases to the Channel programme where there is a radicalisation concern, as required.
6. Support staff who make referrals to the Channel programme.
7. Refer cases where a crime may have been committed to the Police, via the Integrated Front Door (formerly MASH) as required.
8. Ensure all child protection files are kept separately and securely from other records and accessible only by staff that need to access them for safeguarding purposes.
9. As frequently as needed and at least monthly, liaise with the Headteacher to inform them of issues, provide updates of safeguarding developments within the Local Authority, and provide an overview of current child protection cases, especially ongoing enquiries under Section 47 of the Children Act 1989 and police investigations.
10. Liaise with staff (especially pastoral support staff, school nurses, IT technicians, and SENDCos, or the named person with oversight for SEND and Senior Mental Health Leads) on matters of safety and safeguarding (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies.
11. To retain oversight of all Early Help plans, and review level or any change in risk at regular intervals.
12. Act as a source of support, advice and expertise for staff.

---

<sup>10</sup> Early Help Hub contact details are found [here](#)

### **7.3 Training**

1. As well as training all members of staff as above, the DSL and deputies should undergo training to provide them with the skills required to carry out the role. This training must be updated at least every two years.
2. As a Governing Body we will plan for staff changes to ensure there is sustained capacity and resilience for the DSL and deputies.
3. The DSL and deputies should undertake PREVENT Awareness training and ensure the rest of the staff also do this on at least an annual basis as part of the wider continuous safeguarding training process in operation.

### **7.4 Designated Safeguarding Lead – continual professional development**

The DSL should be afforded time to allow them to keep up to date with any developments relevant to their role, including:

1. Assist all staff to recognise that changes in behaviour can indicate potential abuse or neglect or be as a result of previous or current trauma, experienced by the child or young person directly or being in the presence of others who have / are experiencing trauma.
2. Understanding the assessment process for providing Early Help and intervention and ensure the school engages in Early Help consultations with the local Early Help Hub<sup>10</sup>.
3. Maintaining a working knowledge of how West Sussex Local Authority conduct a child protection conference and a child protection review conference and be able to attend and contribute to these effectively, when required to do so.
4. Ensuring each member of staff has access to and understands the school's child protection policy and procedures, especially new and part time staff.
5. Being alert to the specific needs of children in need, those with special educational needs and young carers.
6. Have an understanding of the impact of a child's lived experiences on their presentation and ability to engage in learning. Identify appropriate learning opportunities for school staff to enable them to meet those individual needs and reflect on the schools policies and processes in light of what they have learned.
7. Keeping detailed, accurate, secure written records of concerns and referrals separately from the main student file and use these records to assess the likelihood of risk. The written records should clearly identify details of the concerns and what action was taken. If these are stored electronically, they must be password protected from the child's other files and accessible only to relevant pastoral staff.<sup>11</sup>
8. Supporting the school with regards to the requirements of the PREVENT duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation.
9. Having knowledge of changes to local safeguarding procedures, processes, assessment tools, etc. and obtaining access to resources and attend any relevant or refresher training courses.
10. Encouraging a culture of listening to children and taking account of their wishes and feelings among all staff, in any measures the school may put in place to protect them.

<sup>11</sup>. For advice contact Pupil Entitlement on 0330 222 8200

11. Understand the importance of information sharing, both within the school and with the three safeguarding partners, other agencies, organisations and practitioners.
12. Ensuring that where a student transfers school and is on a Child Protection Plan or is a Child Looked After, the information is passed to the new school immediately and the child's social worker informed.
13. Acting as a source of support, advice and expertise to staff on matters of safety and safeguarding and when deciding whether to make a referral by liaising with relevant agencies.
14. Ensuring that either they or another member of the pastoral team attends Child Protection Conferences, core groups or other multi-agency planning meetings, contributes to assessments and provides a report which will normally have been shared with the parents.
15. Monitor the use of personalised time timetables in accordance with the 'Part Time Timetable Guidance' issued by the WSCC Pupil Entitlement Team<sup>11</sup>.
16. Ensuring that any child who is subject to a child protection plan and who is absent without explanation is referred to their key worker's social care team. In some cases, any absence may be a cause for concern and warrant immediate reporting.
17. Be able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school or at home.
18. Recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online.
19. Ensuring the school's child protection policy is reviewed annually, working with Governing Bodies, utilising peer and other reviews/audits where appropriate, to ensure that procedures are updated, implemented and reviewed regularly.
20. Being responsible for making the Senior Leadership Team aware of trends in behaviour that may affect child welfare.

## **8. REFERRING A CHILD TO THE INTEGRATED FRONT DOOR (IFD)**

### **8.1 If a child is in immediate danger the Police must be called by dialling 999**

### **8.2 If a member of staff has concerns about a student:**

1. The member of staff will report their concerns to the Designated Safeguarding Lead or in their absence, the Deputy Safeguarding Lead.
2. The Designated Safeguarding Lead will refer to the West Sussex Safeguarding Partnership Continuum of Need/Threshold Guidance<sup>12</sup> and decide whether the concerns should be referred to the Integrated Front Door (formerly MASH). If there are grounds to indicate the child has or is likely to suffer actual or suspected significant harm then a referral will be made to the Integrated Front Door using the relevant online form, found [here](#). Where concerns are urgent, complex or where it is unclear whether a referral should be made, the Designated Safeguarding Lead should contact the Integrated Front Door (formerly MASH) by telephone for advice on 01403 229900, or out of hours on 0330 222 6664
3. If it is decided to make a referral to the Integrated Front Door (formerly MASH) parents/carers must be contacted to inform them of the referral, unless to do so would place the child at further risk of harm or could impact on a police investigation (the Integrated Front Door is able to provide advice on this). If it is considered likely that by informing parents/carers of the referral will increase the risk to the child, advice must be sought from Integrated Front Door (formerly MASH) before informing the parent/carer.
4. The member of staff will make an accurate and detailed recording (which may be used in any subsequent court proceedings) as soon as possible and on the same day. The recording must be a clear, precise, factual account of the observations. Do not add comments or opinion although observations about a child's demeanour or emotional state may be recorded.
5. The Integrated Front Door (formerly MASH) will require a follow up of any phone call in writing from the referrer. The Designated Safeguarding Lead will ensure that any written referrals are made using the Request for Support form [HERE](#) which can be found on the LSCP website.
6. The school child protection records must reflect where possible who was spoken to at Integrated Front Door (formerly MASH), the time and date of that contact. The school child protection records must also clearly record any advice given and what steps the school have taken.
7. Particular attention will be paid to the attendance and development of any child for whom the school has concerns, or who has been or is the subject of a Child Protection Plan.

West Sussex Safeguarding Partnership Continuum of Need/Threshold Guidance found [here](#).

### 8.3 Information Sharing

1. Our school will comply with the information sharing aspects of KCSiE 2022 – which are outlined at para 2
2. Information sharing is vital in identifying and tackling all forms of abuse and neglect, and in promoting children’s welfare, including their educational outcomes. Schools and colleges have clear powers to share, hold and use information for these purposes.
3. As part of meeting a child’s needs, it is important for governing bodies and proprietors to recognise the importance of information sharing between practitioners and local agencies. This should include ensuring arrangements are in place that set out clearly the processes and principles for sharing information within the school or college and with children’s social care, the safeguarding partners, other organisations, agencies, and practitioners as required.
4. School and college staff should be proactive in sharing information as early as possible to help identify, assess, and respond to risks or concerns about the safety and welfare of children, whether this is when problems are first emerging, or where a child is already known to the local authority children’s social care.
5. It is important that governing bodies and proprietors are aware that among other obligations, the Data Protection Act 2018, and the UK General Data Protection Regulation (UK GDPR) place duties on organisations and individuals to process personal information fairly and lawfully and to keep the information they hold safe and secure.
6. Governing bodies and proprietors should ensure relevant staff have due regard to the relevant data protection principles, which allow them to share (and withhold) personal information, as provided for in the Data Protection Act 2018 and the UK GDPR. This includes:
  - a) Being confident of the processing conditions which allow them to store and share information for safeguarding purposes, including information, which is sensitive and personal, and should be treated as ‘special category personal data’.
  - b) Understanding that ‘safeguarding of children and individuals at risk’ is a processing condition that allows practitioners to share special category personal data. This includes allowing practitioners to share information without consent where there is good reason to do so, and that the sharing of information will enhance the safeguarding of a child in a timely manner, but it is not possible to gain consent, it cannot be reasonably expected that a practitioner gains consent, or if to gain consent would place a child at risk. (Para 31 KCSiE 2022)
  - c) For schools, not providing pupils’ personal data where the serious harm test under the legislation is met. For example, in a situation where a child is in a refuge or another form of emergency accommodation, and the serious harms test is met, they must withhold providing the data in compliance with schools’ obligations under the Data Protection Act 2018 and the UK GDPR. Where in doubt schools should seek independent legal advice.
7. The Data Protection Act 2018 and UK GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children. Further details on information sharing can be found<sup>1</sup>:

---

<sup>1</sup> <https://www.gov.uk/government/publications/working-together-to-safeguard-children--2>

8. Further details on information sharing can be found<sup>2</sup>:
  - in Chapter one of Working Together to Safeguard Children, which includes a myth-busting guide to information sharing
  - Information Sharing: Advice for Practitioners Providing Safeguarding Services to Children, Young People, Parents and Carers. The seven golden rules for sharing information will be especially useful
  - The Information Commissioner's Office (ICO), which includes ICO UK GDPR FAQs and guidance from the department
  - Data protection: toolkit for schools - Guidance to support schools with data protection activity, including compliance with the UK GDPR
9. If in doubt whether to share information we will take advice from Integrated Front Door (formerly MASH). Further advice on the seven golden rules for sharing information for staff can be found in the following document, *Advice for practitioners providing safeguarding services to children, young people, parents and carers and guidance*, which can be accessed [here](#).
10. The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes to keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to promote the welfare and protect the safety of children, which must always be the paramount concern.
11. Effective sharing of information is essential for early identification of need, assessment and service provision to keep children safe.
12. Practitioners should be proactive in sharing information as early as possible to help identify, assess and respond to risks or concerns about the safety and welfare of children, whether this is when problems are first emerging, or where a child is already known to local authority children's social care (eg. They are being supported as a child in need or have a child protection plan). Practitioners should be alert to sharing important information about any adults with whom that child has contact, which may impact the child's safety or welfare.
13. Information sharing is also essential for the identification of patterns of behaviour when a child has gone missing, when multiple children appear associated to the same context or locations of risk, or in relation to children in the secure estate where there may be multiple local authorities involved in a child's care. It will be for local safeguarding partners to consider how they will build positive relationships with other local areas to ensure that relevant information is shared in a timely and proportionate way.
14. If a practitioner has concerns about a child's welfare and considers that they may be a child in need or that the child has suffered or is likely to suffer significant harm, then they should share the information with local authority children's social care and/or the police. All practitioners should be particularly alert to the importance of sharing information when a child moves from one local authority into another, due to the risk that knowledge pertinent to keeping a child safe could be lost.
15. Practitioners must have due regard to the relevant data protection principles which allow them to share personal information, as provided for in the Data Protection Act

---

<sup>2</sup> <https://www.gov.uk/government/publications/working-together-to-safeguard-children--2>

2018 and the General Data Protection Regulation (GDPR). To share information effectively, it is important to understand the processing conditions under the Data Protection Act 2018 and the GDPR which allow them to store and share information for safeguarding purpose, including information which is sensitive and personal, and should be treated as 'special category personal data'.

16. We are aware of the [Data protection toolkit for schools](#) which we will use to assist in complying with GDPR.

#### **8.4 Taking Responsibility**

1. Staff should not assume a colleague or another professional from another organisation is making a referral. It is the duty of the Designated Safeguarding Lead to take action and ensure information is shared in order to keep children safe.
2. In addition, our school will ensure that all staff, including volunteers and governors, will have confidence and know how to contact Integrated Front Door (formerly MASH) in the unlikely event that the DSL or deputy are not available. This will also be the case where any member of staff is concerned that the DSL or deputy is not taking concerns seriously.
3. In addition, we encourage all members of staff, including volunteers and governors to recognise and respond to safeguarding concerns which occur in the community and are nothing to do with school, in the appropriate manner by contacting Integrated Front Door (formerly MASH), the police or the NSPCC.

#### **8.5 Early Help**

1. The Early Help Service within West Sussex is committed to providing a consistent and accessible family focused service for children, young people and their families. Through its supporting family's approach to earliest help Early Help aims to ensure that children's needs are met as early as possible, supporting families to resolve issues before they become harder to reverse. Early Help is able to achieve this through its work with a range of partners, with Schools being critical in identifying early indicators where children, young people and families may benefit from additional support.

#### **8.6 Dedicated Schools Teams are in place in each of the six district areas across West Sussex. The team will offer:**

- a) A named link worker for every school and will be working with a cluster of schools in the area.
- b) Clear contact details for the leadership team should schools wish to escalate a concern
- c) A flexible response as an issue emerges and regular meetings to discuss worries at schools' request, concerns especially focused on key areas such as school attendance, transition points, targeted family support, neglect, physical and mental health, emotional wellbeing and SEND.
- d) Help schools to know the support available locally through Early Help or the community and help connect to it.
- e) Help with threshold decisions, escalating concerns and connections with social care.
- f) Provide, information, advice and guidance and help for families to access crisis support.
- g) Help lead professionals, with Team Around the Family meetings, professionals' meetings, provide short intervention with children, young people, and parent/carers,

signposting and linking to other local partners providing support, working alongside wider educational colleagues.

- h) Provide training on the use of Holistix.

### **8.7 Targeted Family Support**

1. Early Help will support schools to identify the best way forward for children and families with slightly more complex needs, where further targeted intervention and support is required. Support to the school can include providing advice and signposting to the most relevant support services and partners, supporting schools to build confidence referring to appropriate agencies.
2. For children, young people and families featuring any of the following features then a more targeted level of support maybe required, which could be led by the school or another partner or service. Link workers can support schools with how to complete relevant referrals, which can include referral to the IFD with the appropriate consent from parent/carer, including:
  - a) Multiple complex issues that impact on the children and family stability
  - b) Entrenched or inter-generational patterns of behaviour
  - c) Issues that affect the whole family
  - d) A history of children social care (CSC) intervention or police involvement
  - e) A coordinated multiagency approach is required
  - f) Risk of escalating to level 4 intervention including risk of family breakdown
  - g) Adults out of work or at risk of financial exclusion and young people at risk of worklessness.
  - h) Children who have not been attending school regularly
  - i) Parents and children involved in crime and anti-social behaviour
  - j) Parents and children with a range of health problems
  - k) Families affected by domestic violence and abuse
3. Our school / college will work with our families, parents and carers, share our concerns with them, work at the earliest opportunity and work with our dedicated schools team link help worker in order to maximise the offer for those children who may benefit from additional support.
4. Our school will refer to the Integrated Front Door any children/young people that require targeted family support.
5. In our school the Designated Safeguarding Lead will have oversight of all children on Early Help Plans and will regularly review progress and any changes in risk.

### **8.8 West Sussex Safeguarding Children Partnership Continuum of Need**

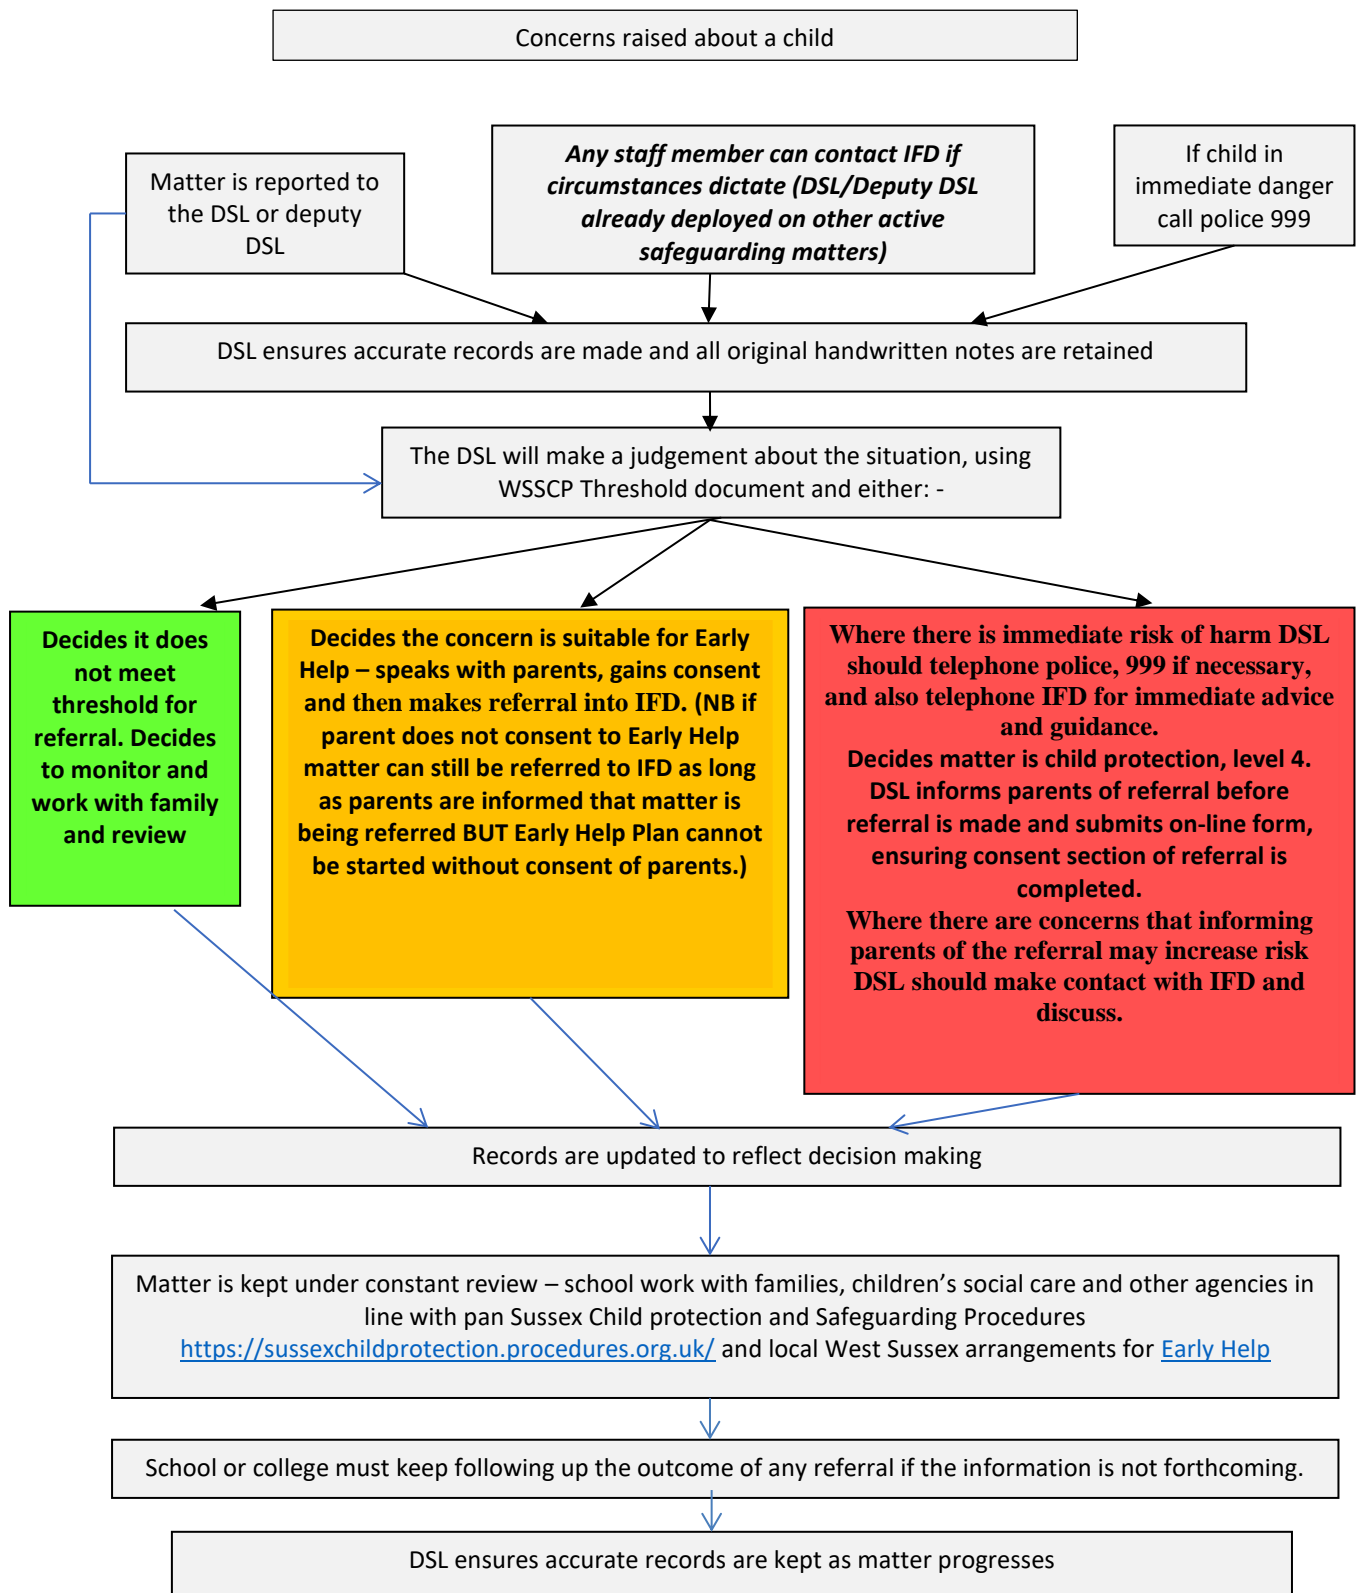

Our school will use the Threshold Guidance<sup>3</sup> to inform our decision making and which referral pathway to take.

Referral Pathway:

---

<sup>3</sup> <http://www.westsussexscb.org.uk/professionals/working-together/west-sussex-continuum-of-need-threshold-guidance>

## 8.9 Flowchart for child protection procedures for schools and colleges

## 9 LOCAL AUTHORITY DESIGNATED OFFICER (LADO)

### 9.1 The LADO and Assistant LADO Contact Details

The LADOs for West Sussex area:

- Mariam Williams
- Donna Tomlinson

Assistant LADO:

- Sally Arbuckle

LADO should be contacted either by email: [LADO@westsussex.gov.uk](mailto:LADO@westsussex.gov.uk) or by phone, LADO Consultation Contact No. 0330 222 6450 (9.00am – 5.00pm)

### 9.2 West Sussex County Council Designated Officer Service: Guidance & Information

Full guidance, is found here <https://www.westsussexscp.org.uk/professionals/professional-disagreements-and-concerns/ladoinformation> regarding the Designated Officer Service can be found on the West Sussex Safeguarding Children Partnership (WSSCP) <sup>4</sup>

### 9.3 Those who may pose a risk of harm to children and young people

1. Our school will follow the guidance as set out in Part 4 of Keeping Children Safe in Education 2022. We will follow that guidance where it is alleged that anyone working in the school or a college that provides education for children under 18 years of age, including supply teachers, volunteers and contractors has:
  - i. Behaved in a way that has, or may have harmed a child;
  - ii. Possibly committed a criminal offence against/related to a child;
  - iii. Behaved towards a child or children in a way which indicates s/he would pose a risk of harm if they work regularly or closely with children;
  - iv. behaved or may have behaved in a way that indicates they may not be suitable to work with children.
2. We recognise that point iv above includes behaviour that may have happened outside of school or college, that might make an individual unsuitable to work with children.
3. As a school we will appoint a case manager to lead any investigation. If the allegation relates to a member of staff the headteacher will be the case manager. If the allegation is regarding the headteacher, then the Chair of Governors, will be the case manager, as appropriate.

### 9.4 The initial response to an allegation

1. Where there a child has been harmed, where there is an immediate risk of harm to a child or if the situation is an emergency, we will contact children's social care and as appropriate the police immediately.
2. We recognise there are two aspects to consider when an allegation is made:

---

<sup>4</sup> WSSCP can be found [HERE](#)

- a) **Looking after the welfare of the child** - the designated safeguarding lead is responsible for ensuring that the child is not at risk and referring cases of suspected abuse to the Integrated Front Door
- b) **Investigating and supporting the person subject to the allegation** - the case manager should discuss with the LADO, the nature, content and context of the allegation, and agree a course of action.
3. When dealing with allegations, we will follow the guidance contained within <https://www.westsussexscp.org.uk/professionals/professional-disagreements-and-concerns/ladoinformation>

### **9.5 Informing the Individual**

- 1) When to inform the individual of the allegation should be considered carefully on a case-by-case basis, with guidance as required from the LADO, and if appropriate children's social care and the police

### **9.6 LADO / Case Manager and investigation**

- 1) As a school we are familiar with Part Four of KCSiE 2022. We will follow the guidance in Part Four and guidance from LADO when considering issues such as suspension, use of independent investigator, and timeliness of any investigations.

### **9.7 School Complaints**

1. Complaints by parents/carers about any aspect of school MUST be reviewed to ensure there are no allegations against staff, including volunteers, contained within the complaint which require referral to LADO.

### **9.8 Allegations against member of staff, including supply staff, contracted staff, volunteers and school governors**

1. An immediate written record of the allegation using the informant's words including time, date and place where the alleged incident took place, brief details of what happened, what was said and who was present will be made.
2. This record should be signed, dated and immediately passed on to the Headteacher/Principal/Chair of Governors.
3. The recipient of an allegation must not unilaterally determine its validity and failure to report it in accordance with procedures is a potential disciplinary matter. The Headteacher or Chair will not investigate the allegation themselves, or take written or detailed statements, but will assess and decide whether to refer the concern to the LADO. If there is any doubt as to whether to refer, advice should be taken from the LADO.
4. If there are concerns that a child is at risk, the matter must be immediately reported to IFD.
5. Any records generated during such matters must be retained securely, away from other child protection and personnel records and only be accessed by those who need to for investigation/review purposes.
6. Guidelines contained within the Pan Sussex Child Protection and Safeguarding Procedures in respect of managing allegations made against people who work or volunteer with children, <https://sussexchildprotection.procedures.org.uk/tkyphy/children-in-specific->

[circumstances/allegations-against-people-who-work-with-care-for-or-volunteer-with-children](#) must be followed on each occasion. If there is any doubt, then advice must be taken from the LADO.

7. Where an allegation is made against a supply teacher or contracted staff, whilst we recognise we are not the employer of supply teachers or contracted staff, we will ensure allegations are dealt with properly. In no circumstances will we decide to cease to use a supply teacher due to safeguarding concerns, without finding out the facts and liaising with the LADO to determine a suitable outcome.
8. Should an allegation be made regarding a school governor we will take advice from LADO and the Local Authority Governor Services team.

### **9.9 Non recent allegations**

1. We will refer any non-recent allegation to the LADO, irrespective of how long ago it occurred. We will also encourage the person making the allegation to report the matter to the police if a criminal offence has or could have been committed.

### **9.10 Supporting those involved**

1. When an allegation or safeguarding concern is being investigated it is likely to be a very stressful experience for the adult subject of the investigation, and potentially for their family members. We recognise it is important, as the employer, that we offer appropriate welfare support at such a time and recognises the sensitivity of the situation. We recognise information is confidential and should not ordinarily be shared with other staff or with children or parents who are not directly involved in the investigation.
2. We recognise we have a duty of care to our employees and as such we will:
  - manage and minimise the stress caused by the allegation;
  - inform the individual as soon as possible, explaining the likely course of action, guided by the LADO, and the police where necessary;
  - advise the individual to contact their trade union representative, or a colleague for support;
  - appoint a named representative to keep the person informed about progress of the case;
  - provide access to counselling or medical advice where appropriate. (For staff in schools maintained by the local authority this may include support via the local authority's occupational health arrangements) and
  - not prevent social contact with work colleagues and friends, when staff are suspended, unless there is evidence to suggest this may prejudice the gathering of evidence.

### **9.11 Informing Parents or carers of the child involved**

1. Parents / carers should be formally be told about the allegation as soon as possible. The case manager will liaise with the LADO, and where appropriate children's social care and police on what information can be disclosed.
2. As a school we will follow KCSiE 2022 when informing and updating parents/carers. We will follow those paras regarding the need for confidentiality and where relevant outline to any party, including parents and carers the restrictions imposed by The Education Act 2011, amended the Education Act 2002, regarding reporting restrictions. These provisions made it an offence (except in the limited circumstance expressly permitted by the legislation), for any person to publish any material that may lead to the

identification of a teacher in a school who has been accused by, or on behalf of, a child from the same school (where that identification would identify the teacher as the subject of the allegation).

#### **9.12 Allegation's outcomes**

1. We will follow KCSiE 2022, working in consultation with LADO and other agencies where appropriate.

#### **9.13 Record keeping, references and learning lessons**

1. We will maintain records, provide references and review the case to ensure any learning is identified and enacted as per KCSiE 2022.

#### **9.14 Concerns that do not meet the harm threshold for LADO referral**

1. We recognise that KCSiE 2022 has introduced a specific section (Section Two of Part Four) regarding how to respond to concerns that do not meet the harm threshold.
2. The term 'low-level' concern does not mean that it is insignificant, it means that the behaviour towards a child does not meet the threshold for formal referral to LADO. A low-level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school or college may have acted in a way that:
  - is inconsistent with the staff code of conduct, including inappropriate conduct outside of work; and
  - does not meet the allegations threshold or is otherwise not considered serious enough to consider a referral to the LADO.
3. A low-level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school or college may have acted in a way that:
  - a) is inconsistent with the staff code of conduct, including inappropriate conduct outside of work and
  - b) does not meet the harm threshold or is otherwise not serious enough to consider a referral to the LADO.
  - c) Examples of such behaviour could include, but are not limited to:
  - d) being over friendly with children
  - e) having favourites
  - f) taking photographs of children on their mobile phone, contrary to school policy
  - g) engaging with a child on a one-to-one basis in a secluded area or behind a closed door, or
  - h) humiliating pupils.
4. Such behaviour can exist on a wide spectrum, from the inadvertent or thoughtless, or behaviour that may look to be inappropriate, but might not be in specific circumstances, through to that which is ultimately intended to enable abuse.
5. Low-level concerns may arise in several ways and from a number of sources. For example: suspicion; complaint; or disclosure made by a child, parent or other adult within or outside of the organisation; or as a result of vetting checks undertaken.

6. It is crucial that all low-level concerns are shared responsibly with the right person and recorded and dealt with appropriately. Ensuring they are dealt with effectively should also protect those working in or on behalf of schools and colleges from becoming the subject of potential false low-level concerns or misunderstandings.
7. For such cases, we will follow guidance within KCSiE 2022, part four.
8. Any staff member who has a low-level concern should report those concerns to the headteacher. Where the concerns relate to the headteacher the concerns should be reported to the chair of governors.
9. We recognise that what may appear to be low level concerns can actually relate to serious / significant allegations. As such, where there is any room for doubt, we will consult with the LADO.

#### **9.15 Low level concerns and staff behaviour policy**

1. We will ensure that all staff are regularly informed of our staff behaviour policy / code of conduct and updates thereof.
2. We will incorporate low level concerns as an extension of our staff behaviour policy / code of conduct.

#### **9.16 What staff should do if they have concerns about safeguarding practices within the school or college**

1. All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or college's safeguarding regime and know that such concerns will be taken seriously by the Senior Leadership Team.
2. Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the school's Senior Leadership Team.
3. Where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, other whistleblowing channels may be open to them, advice can always be taken from LADO.

#### **9.17 Whistleblowing/Confidential reporting**

1. We will ensure that all staff members are aware of their duty to raise concerns, where they exist, about the actions or attitudes of colleagues. If necessary, the member of staff can speak with the Headteacher, Principal, Chair of Governors or with the LADO.
2. We will ensure staff should be aware of and know how to access West Sussex Confidential Reporting Policy,  
[https://www.proceduresonline.com/westsussex/cs/p\\_whistleblowing.html#how-to-raise-concern](https://www.proceduresonline.com/westsussex/cs/p_whistleblowing.html#how-to-raise-concern)
3. Further assistance for staff to raise concerns can be accessed by calling the NSPCC whistleblowing helpline on 0800 028 0285 or visiting the <https://www.nspcc.org.uk/keeping-children-safe/reporting-abuse/dedicated-helplines/whistleblowing-advice-line/>

## **10. SPECIAL EDUCATIONAL NEEDS (SEN) AND DISABILITIES**

### **10.1 Special Considerations**

As a school, we are aware that children with SEN and disabilities can face additional safeguarding challenges and expect all staff to recognise:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploitation;
- Being more prone to peer group isolation than other children;
- The potential for children with SEN and disabilities being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs; and
- Communication barriers and difficulties in overcoming these barriers.

### **10.2 SEN & D Support**

To address these additional challenges, our schools will consider extra pastoral support for children with SEN and disabilities.

## **11. CHILDREN LOOKED AFTER/PREVIOUSLY LOOKED AFTER**

1. As the Governing Body of this school we will ensure that staff have the skills, knowledge and understanding to keep children looked after, and children who have previously been looked after, are safe.
2. In particular, we will ensure that appropriate staff have the information they need in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements with consent of parents, or on an interim or full care order) and the child's contact arrangements with birth parents or those with parental responsibility.
3. We will also ensure staff have information about the child's care arrangements and the levels of authority delegated to the carer by the authority looking after him/her. The designated safeguarding lead should have details of the child's social worker and the name of the virtual school head in the authority that looks after the child.
4. We recognise previously looked after child potentially remains vulnerable and all staff should have the skills, knowledge and understanding to keep previously looked after children safe. When dealing with looked after children and previously looked after children, it is important that all agencies work together and prompt action is taken when necessary to safeguard these children, who are a particularly vulnerable group.
5. We will work with the Head Teacher of the Virtual School. The Designated Safeguarding Lead will have details of the child's Social Worker and the name of the Headteacher of the Virtual School in the authority that looks after the child.

### **11.1 Designated Teacher for Looked After Children**

1. We recognise as the governing body we **must** appoint a designated teacher and should work with local authorities to promote the educational achievement of registered pupils who are looked after. With the commencement of sections 4 to 6 of the Children and Social Work Act 2017, we recognise designated teachers have responsibility for promoting the educational achievement of children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales. The designated teacher **must** have appropriate training and the relevant qualifications and experience.

2. The designated teacher for looked after children in our school is Dave Leadbitter.
3. We will ensure our designated teacher will have appropriate training, relevant qualifications and experience. We will ensure the designated teacher is aware of the statutory guidance <https://www.gov.uk/government/publications/designated-teacher-for-looked-after-children>
4. Our school will work with the Head Teacher of the Virtual School to discuss how the school can best support the child and meet the needs of the child's Personal Education Plan (PEP) and use any additional resources accordingly.
5. We recognise that the virtual school head, following the commencement of sections 4 to 6 of the Children and Social Work Act 2017, virtual school heads have responsibilities towards children who have left care through adoption, special guardianship, or child arrangement orders or who were adopted from state care outside England or Wales.
6. We will pay additional attention to the attendance of children looked after. Where any exclusions are issued for children looked after we will consider whether these are indicative of wider safeguarding concerns and share any concerns with the Head Teacher of the Virtual School and other safeguarding partners as necessary.
7. Previously looked after children potentially remain vulnerable and we will ensure that all staff should have the skills, knowledge and understanding to keep previously looked after children safe. When dealing with Children Looked After and previously looked after children, we will ensure our school works together with other agencies and takes prompt action when necessary to safeguard these children, who are a particularly vulnerable group.

### **11.2 Care Leavers**

1. Local authorities have on-going responsibilities to the young people who cease to be looked after and become care leavers. That includes keeping in touch with them, preparing an assessment of their needs and appointing a Personal Adviser who develops a pathway plan with the young person. This plan describes how the local authority will support the care leaver to participate in education or training.
2. The Designated Safeguarding Lead in our school will therefore have details of the local authority Personal Adviser appointed to guide and support the care leaver and should liaise with them as necessary regarding any issues of concern affecting the care leaver.
3. Details of leaving care personal advisors can be found <https://www.westsussex.gov.uk/education-children-and-families/your-space/life/leaving-care-local-offer/>

### **11.3 Virtual School Heads**

Virtual school heads manage pupil premium plus for looked after children; they receive this funding based on the latest published number of children looked after by the local authority. Our school recognises the designated teacher will work with the virtual school head to discuss how funding can be best used to support the progress of looked after children in the school and meet the needs identified in the child's personal education plan. The designated teacher should also work with the virtual school head to promote the educational achievement of previously looked after children. In other schools and colleges, an appropriately trained teacher should take the lead.

## **12 CHILDREN POTENTIALLY AT GREATER RISK OF HARM**

### **12.1 As a school we recognise children may need a social worker due to safeguarding or welfare needs**

1. Children may need this help due to abuse, neglect and/or complex family circumstances. A child's experiences of adversity and trauma can leave them vulnerable to further harm, as well as educationally disadvantaged in facing barriers to attendance, learning, behaviour and mental health.
2. Local authorities should share the fact a child has a social worker, and we recognise that our Designated Safeguarding Lead should hold and use this information so that decisions can be made in the best interests of the child's safety, welfare and educational outcomes. This should be considered as a matter of routine.
3. As outlined above, we recognise there are clear powers to share this information under existing duties on both local authorities and schools to safeguard and promote the welfare of children.
4. Where children need a social worker, this should inform decisions about safeguarding (for example, responding to unauthorised absence or missing education where there are known safeguarding risks) and about promoting welfare (for example, considering the provision of pastoral and/or academic support, alongside action by statutory services).

### **12.2 As a school we are aware**

1. Of the findings from the [Children in Need Review, Improving the educational outcomes for Children in Need of help and protection](#) and the detail contained within [Help, protection, education](#).
2. In our school the Deputy Headteachers will take responsibility for how we can, as a school, assist children who are potentially at greater risk of harm achieve their educational potential.
3. As a Governing Body we will regularly scrutinise educational progress of children who are at greater risk of harm.

## **13 CHILDREN REQUIRING MENTAL HEALTH SUPPORT**

1. We recognise our school has an important role to play in supporting the mental health and wellbeing of our students.
2. We recognise mental health problems can, in some cases, be an indicator that a child has suffered or is a risk of suffering abuse, neglect or exploitation.

### **13.1 Our school Emotional Wellbeing Lead is Dave Leadbitter**

1. As a school we will have a clear system and process in place for identifying possible mental health problems, including routes to escalate and clear referral and accountability systems. We will make sure all staff and volunteers are aware of our system.
2. Where there are concerns about the mental health, wellbeing and safeguarding of a child, staff will immediately discuss those concerns with the Designated Safeguarding Lead.
3. We are aware of recent Government publications:
  - [Preventing and tackling bullying](#)

- [Mental health and behaviour in schools](#), and
- [Promoting children and young people's emotional health and wellbeing](#)

### **13.2 West Sussex Single Point of Access (SPoA)**

- I. Following a Sussex-wide review of emotional wellbeing and mental health services for children and young people, a new West Sussex Single Point of Access (SPoA) for emotional wellbeing and mental health support launched Wednesday 1 June 2022.
- II. The new service provides a simplified single route so that children, young people, families, carers and professionals can be directed to the right service, eliminating the need to refer to multiple services.
- III. Led by Sussex Partnership NHS Foundation Trust's Child and Adolescent Mental Health Service (CAMHS), the new arrangement is delivered in partnership with West Sussex County Council's Youth Emotional Support Service (YES) and YMCA Dialogue.
- IV. The three services work together to process (triage) the referrals and determine which service is the most appropriate offer for the young person, which may also include partnership services. In time, more emotional wellbeing services will be introduced into the service.

### **13.3 Making a referral**

Young people, parents/carers and wider professionals can now make a referral to the West Sussex SPoA at [www.e-wellbeing.co.uk/support](http://www.e-wellbeing.co.uk/support)

Key details:

- The SPoA will be open Monday to Friday 9am-5pm
- The young person must consent to the request for service and understand they may be directed to another service outside the SPoA
- The service will accept referrals for children and young people from the age of four up to the young person's 18th birthday, who are registered with a West Sussex GP, whilst recognising and working within NHS CHOICE regulations
- If a young person who is close to turning 18 is referred to the service with a mental health need they will be signposted to adult services.
- If you have any questions about the new service, please contact Naomi Frith, Project Manager, at [naomi.frith@spft.nhs.uk](mailto:naomi.frith@spft.nhs.uk).

Alternatively, please go to [www.sussexpartnership.nhs.uk/west-sussex-spoa](http://www.sussexpartnership.nhs.uk/west-sussex-spoa)

### **13.4 Additional Services**

1. Our staff are aware of the West Sussex Community Mental Health Liaison Service <https://www.sussexpartnership.nhs.uk/west-sussex-cmhl-service> who provide an early intervention and prevention service for professionals who are working with young people under the age of 18 and are concerned about a young person's mental health and wellbeing. This service is available to our school.

2. We are aware that we can obtain advice and support from School Nursing Service [\https://www.sussexcommunity.nhs.uk/downloads/services/west-sussex-school-nursing/west-sussex-school-nursing-leaflet.pdf](https://www.sussexcommunity.nhs.uk/downloads/services/west-sussex-school-nursing/west-sussex-school-nursing-leaflet.pdf)
3. We are also aware of the resources available to our school from the Mentally Healthy Schools website <https://www.mentallyhealthyschools.org.uk/>
4. For our pupils aged 11-19 we are aware of the ChatHealth text service <https://www.sussexcommunity.nhs.uk/services/chathealth-text-messaging-service/108923> and YES Youth Emotional Support Service <https://www.westsussex.gov.uk/education-children-and-families/your-space/health/emotional-wellbeing-and-mental-health/youth-emotional-support-yes-service/>
5. We are also aware of how we can refer a child or young person to CAMHS <https://www.westsussex.gov.uk/media/12781/camhsref.pdf>

### **13.5 Self-Harm Guidance for Schools**

1. Self-harm page accessible to all schools in West Sussex County council can be found at <https://schools.westsussex.gov.uk/Services/4720> Here you can find information, training and resource in relation to self-harm. This includes bespoke self-harm and distress tolerance sessions that can be accessed for free at any time as well as updates on new innovative projects in relation to self-harm.
2. Also available on the self-harm page is managing self-harm guidance and tool kit for schools.
3. As a school we recognise the self-harm resources are available to anyone in education, to support staff when dealing with students who self-harm or are at risk of intentionally harming themselves.
4. Our school will use this guidance to support out students and staff.

### **13.6 COVID-19**

1. We are aware of the COVID-19 Pandemic can have on the mental health and wellbeing of children and young people and we recognise that we will provide support to all our children and young people.

### **13.7 Mental Health and RE/RSE/HE**

1. Through our curriculum, our school will maximise the opportunities to teach our children and young people about mental health as part of the health education cornerstone of our Relationship Education/Relationship and Sex Education and Health Education.

## **14 STATUTORY STATUS: RELATIONSHIP EDUCATION, RELATIONSHIP AND SEX EDUCATION AND HEALTH EDUCATION**

#### **14.1 We as a school acknowledge**

1. The Government has provided regulations which will make the subjects of Relationship Education (for all primary schools) and Relationships and Sex Education (for all secondary students) and Health Education (for all students in state-funded schools) mandatory from 2020. [Statutory guidance: relationships education relationships and sex education \(RSE\) and health education.](#)
2. As a governing body we recognise the importance and will ensure that our children and young people should be taught about safeguarding, including online safety, and recognise that a one size fits all approach may not be appropriate for all children, and a more personalised or contextualised approach for more vulnerable children, victims of abuse and some SEND children might be needed
3. We will, as a Governing Body, consider what that means specifically for our school.
4. We recognise the significant positive impact our school can have on the lives of our children and young people through our RSE curriculum.
5. [West Sussex Education for Safeguarding E4S](#) – which will enable our school to identify the specific risks faced by the children in our school so we can develop our safeguarding curriculum accordingly. We as a school have considered the West Sussex approved approach and are working to fully embed it to meet the specific needs of the students at our school.
6. A wide variety of teaching and learning resources are available both locally and nationally. Some of these are:
  - [West Sussex Education for Safeguarding E4S](#) – has been designed by the Local Authority to enable all West Sussex schools to identify the specific risks faced by the children and young people within their own setting and develop a bespoke safeguarding curriculum tailored to meet those needs.
  - UKCCIS, who have recently published their Education for a Connected World Framework. Online safety is a whole school issue. The framework aims to support the development of the curriculum and is of relevance to PSHE education and Computing. It is designed, however, to be usable across the curriculum and beyond and to be central to a whole school approach to safeguarding and online safety. It covers early years through to age 18. It can be accessed [here](#).
  - The PSHE Association provides guidance to schools on developing their PSHE curriculum including online safety. It can be accessed [here](#).
  - Parent Zone and Google have developed ‘Be Internet Legends’ – a free internet safety curriculum with PSHE accredited lesson plans and teaching resources for Key Stage 2 pupils. It can be accessed [here](#).
  - Every Mind Matters – PSHE curriculum topics to Upper KS2, KS3 and KS4 pupils, with flexible lesson plans and ready-to-use powerpoints co-created with teachers, and video content developed with 10 – 16 year olds. It can be accessed [Here](#).

#### **15 CRIMES COMMITTED ON SCHOOL PREMISES – WHEN TO CALL THE POLICE**

1. This section is in relation to children who may have committed a crime on school premises.

2. None of the guidance and information in this section is intended to replace normal safeguarding practices of referring concerns to relevant agencies, for example; the Multi-Agency Safeguarding Hub or Early Help Hub.

**15.1 We recognise that if a child is in immediately danger, or there is a risk of serious injury to anyone or a serious crime is happening or is about to happen, we will call the Police immediately on 999.**

1. We recognise that situations may occur on school premises where students may have committed a crime. This could include assaults, criminal damage, possessing or supplying drugs or possessing weapons. (Potential sexual offences are dealt with later in this policy.)
2. The National Police Chiefs Council (NPCC) have issued When to call the police – Guidance for schools, guidance for when schools should call the police in such circumstances. The advice is for school staff with responsibility for behaviour management, including designated safeguarding leads (DSLs), their deputies, headteachers and senior leadership teams.
3. Our school will follow this guidance before contacting Sussex Police.

## **16 THE USE OF REASONABLE FORCE IN OUR SCHOOL**

Keeping Children Safe in Education 2022 recognises that there are circumstances when it is appropriate for staff in schools to use reasonable force to safeguard children and young people. The term ‘reasonable force’ covers the broad range of actions used by staff that involve a degree of physical contact to control or restrain children. This can range from guiding a child to safety by the arm, to more extreme circumstances such as breaking up a fight or where a young person needs to be restrained to prevent violence or injury. ‘Reasonable’ in these circumstances means ‘using no more force than is needed’. The use of force may involve either passive physical contact, such as standing between students or blocking a student’s paths, or active physical contact such as leading a student by the arm out of the classroom. Please refer to KCSIE 2022 paragraphs 163-165.

## **17 ONLINE SAFETY**

### **17.1 Our School**

1. Our school recognises the use of technology has become a significant component of many safeguarding issues. Child sexual exploitation; radicalisation; sexual predation: technology often provides the platform that facilitates harm. An effective and proactive approach to online safety empowers a school to protect and educate the whole school community in their use of technology and establishes mechanisms to identify, intervene in and escalate any incident where appropriate.
2. The breadth of issues classified within online safety is considerable, but can be categorised into three areas of risk:
  - **Content:** being exposed to illegal, inappropriate or harmful material; for example, pornography, fake news, racist or radical and extremist views;
  - **Contact:** being subjected to harmful online interacting with other users; for example, commercial advertising as well as adults posing as children or young adults; and
  - **Conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images, or online bullying.

- **Commerce** - risks such as online gambling, inappropriate advertising, phishing and or financial scams. If you feel your pupils, students or staff are at risk, please report it to the Anti-Phishing Working Group (<https://apwg.org/>).

3. Our school will follow the guidance contained within the document Teaching On Line Safety in Schools, June 2019, found [here](#).

### **17.2 Opportunities to teach safeguarding**

1. As per section 13 above, we will maximise the opportunities to teach our students how to stay safe online. We recognise there are many resources available and will consider which ones suit the needs of the school.

### **17.3 Filters, monitoring and protecting children**

1. As a Governing Body we will do all we reasonably can to limit students' exposure to the above risks from the school's IT system. As part of this process, we will ensure we have appropriate filters and monitoring systems in place.
2. Whilst considering our responsibility to safeguard and promote the welfare of children, and provide them with a safe environment in which to learn, we will consider the age range of our students, the number of students, how often they access the IT system and the proportionality of costs vs risks.
3. We review our filters and monitors using appropriate tools from [UK Safer internet centre](#) and our [Prevent duties](#).
4. We recognise that it is essential that appropriate filters and monitoring systems are in place, we recognise that 'over blocking' does not lead to unreasonable restrictions as to what children can be taught with regard to online teaching and safeguarding.

### **17.4 Mobile devices**

Our school recognises that many children have unlimited and unrestricted access to the internet via 3G, 4G and in the future 5G, in particular and our school will carefully consider how this is managed on our premises and will have specific rules regarding mobile phone usage.

### **17.5 Reviewing online safety**

Our Governing Body understands that technology in this area evolves and changes rapidly and we will therefore keep the matter under regular review by, for example, using relevant assessment tools, [360 Safe Website](#) and [Online safety in schools Questions from the Governing Body](#)

We recognise we are directly responsible for ensuring the appropriate level of security protection procedures are in place, in order to safeguard our systems, staff and learners. We will review the effectiveness of these procedures periodically to keep up with evolving cyber-crime technologies.

### **17.6 Staff Training**

The Governors recognise the need for staff to undergo regularly updated safeguarding training and the requirement to ensure our children are taught about safeguarding, including online safety. With that in mind, online safety training for staff will be integrated, aligned and

considered as part of our overarching safeguarding approach. It will also be considered within our teaching and learning policy and practice.

## **18 EDUCATION – OPPORTUNITIES TO TEACH SAFEGUARDING**

1. As a school, we recognise we have many opportunities to teach safeguarding, including online safety. We consider teaching safeguarding to be part of a broad and balanced curriculum.
2. This may include covering relevant issues through Relationships and Sex Education through Personal, Social, Health and Economic education.
3. A wide variety of teaching and learning resources are available both locally and nationally. Some of these are:
  - West Sussex Education for Safeguarding – which will enable our school to identify the specific risks faced by the children in our school so we can develop our safeguarding curriculum accordingly
  - UKCCIS have recently published their Education for a connected world framework. Online safety is a whole school issue. The framework aims to support the development of the curriculum and is of particular relevance to PSHE education and Computing. It is designed, however, to be usable across the curriculum and beyond and to be central to a whole school approach to safeguarding and online safety. It covers early years through to age 18. That is accessed [here](#)
  - The PSHE Association provides guidance to schools on developing their PSHE curriculum including online safety – accessed [here](#).
  - Parent Zone and Google have developed Be Internet Legends, a free internet safety curriculum with PSHE accredited lesson plans and teaching resources for Key Stage 2 pupils, accessed [here](#).

## **19 OFSTED INSPECTIONS**

The Governing Body recognises that inspectors will always report on whether or not arrangements for safeguarding children and learners are effective. As a Governing Body we will ensure we are familiar with the inspection framework and inspecting safeguarding in early years, education and skills guidance from, and how we can use those documents to monitor the safeguarding framework in our school.

## **20 PRIVATE FOSTERING**

- Our school recognises that private fostering occurs when a child under the age of 16 (under 18 if disabled) is provided with care and accommodation by a person who is not a parent, person with parental responsibility for them or a relative in their own home. A child is not privately fostered if the person caring for and accommodating them has done so for less than 28 days and does not intend to do so for longer. Such arrangements may come to the attention of school staff through the normal course of their interaction, and promotion of learning activities, with children.
- Our school will notify the local authority to allow the local authority to check the arrangement is suitable and safe for the child
- We will ensure our staff are aware of the link to the comprehensive guidance on the circumstances in which private fostering may arise can be found at [here](#).

- We will ensure the Pan-Sussex Child Protection and Safeguarding Procedures regarding private fostering can be found [here](#) and will be followed where private fostering is known or believed to be taking place. We will train all of our staff, including volunteers, to recognise and report the to the DSL immediately when they have concerns. We will ensure all of our staff and volunteers have read part 1 of KCSiE 2022, this policy, and have attended safeguarding training at least once per year.

## **21 WHEN TO BE CONCERNED A CHILD IS AT RISK OF ABUSE**

### **21.1 Overview**

Our school recognises that all children and young people are vulnerable to abuse. Our school is determined that all staff and volunteers will be aware of the main categories of abuse and the signs and symptoms so they can respond quickly and effectively by informing the Designated Safeguarding Lead where there are concerns.

#### **Abuse**

A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by an adult or adults or by another child or children.

#### **Physical Abuse**

A form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces illness in a child.

#### **Emotional Abuse**

The persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate.

It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental ability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child although it may occur alone.

#### **Sexual Abuse**

Involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving violence, whether or not the child is aware of what is happening. The

activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing.

They may also include non-contact activities such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet) by establishing a close relationship or friendship. Sexual abuse is not solely perpetrated by adult males; women can also commit acts of sexual abuse as can other children.

### **Neglect**

The persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment), protect a child from physical and emotional harm or danger, ensure adequate supervision (including the use of inadequate care-givers), or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

### **21.2 Physical Abuse**

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

### **Indicators in the child**

#### **Bruising**

It is often possible to differentiate between accidental and inflicted bruises. The following must be considered as non-accidental unless there is evidence or an adequate explanation provided:

- bruising in or around the mouth
- two simultaneous bruised eyes, without bruising to the forehead, (rarely accidental, though a single bruised eye can be accidental or abusive)
- repeated or multiple bruising on the head or on sites unlikely to be injured accidentally for example the back, mouth, cheek, ear, stomach, chest, under the arm, neck, genital and rectal areas
- variation in colour possibly indicating injuries caused at different times
- the outline of an object used e.g. belt marks, hand prints or a hair brush
- linear bruising at any site particularly on the buttocks, back or face
- bruising or tears around or behind, the earlobe/s indicating injury by pulling or twisting
- bruising around the face
- grasp marks to the upper arms, forearms or leg
- petechial haemorrhages (pinpoint blood spots under the skin) commonly associated with slapping, smothering/suffocation, strangling and squeezing

## **Fractures**

Fractures may cause pain, swelling and discolouration over a bone or joint. It is unlikely that a child will have had a fracture without the carers being aware of the child's distress. If the child is not using a limb, has pain on movement and/or swelling of the limb, there may be a fracture.

There are grounds for concern if:

- the history provided is vague, non-existent or inconsistent
- there are associated old fractures
- medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement.

Rib fractures are only caused in major trauma such as in a road traffic accident, a severe shaking injury or a direct injury such as a kick.

Skull fractures are uncommon in ordinary falls, i.e. from three feet or less. The injury is usually witnessed, the child will cry and if there is a fracture, there is likely to be swelling on the skull developing over 2 to 3 hours. All fractures of the skull should be taken seriously.

## **Mouth Injuries**

Tears to the frenulum (tissue attaching upper lip to gum) often indicates force feeding of a baby or a child with a disability. There is often finger bruising to the cheeks and around the mouth. Rarely, there may also be grazing on the palate.

## **Poisoning**

Ingestion of tablets or domestic poisoning in children under 5 is usually due to the carelessness of a parent or carer but it may be self-harm even in young children.

## **Bite Marks**

Bite marks can leave clear impressions of the teeth when seen shortly after the injury has been inflicted. The shape then becomes a more defused ring bruise or oval or crescent shaped. Those over 3cm in diameter are more likely to have been caused by an adult or older child. A medical/dental opinion, preferably within the first 24 hours, should be sought where there is any doubt over the origin of the bite.

## **Burns and Scalds**

It can be difficult to distinguish between accidental and non-accidental burns and scalds. Scalds are the most common intentional burn injury recorded.

Any burn with a clear outline may be suspicious e.g. circular burns from cigarettes, linear burns from hot metal rods or electrical fire elements, burns of uniform depth over a large area, scalds that have a line indicating immersion or poured liquid.

Old scars indicating previous burns/scalds, which did not have appropriate treatment or adequate explanation. Scalds to the buttocks of a child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

The following points are also worth remembering:

- A responsible adult checks the temperature of the bath before the child gets in.

- A child getting into too hot water of his or her own accord will struggle to get out and there will be splash marks.

### **Scars**

A large number of scars or scars of different sizes or ages, or on different parts of the body, or unusually shaped, may suggest abuse.

### **Emotional / behavioural presentation**

- refusal to discuss injuries
- admission of punishment which appears excessive
- fear of parents being contacted and fear of returning home
- withdrawal from physical contact
- arms and legs kept covered in hot weather
- fear of medical help
- aggression towards others
- frequently absent from school
- an explanation which is inconsistent with an injury
- several different explanations provided for an injury.

### **Indicators in the parent/carer:**

- may have injuries themselves that suggest domestic violence
- not seeking medical help/unexplained delay in seeking treatment reluctant to give information or mention previous injuries
- absent without good reason when their child is presented for treatment
- disinterested or undisturbed by accident or injury
- aggressive towards child or others
- unauthorised attempts to administer medication
- tries to draw the child into their own illness
- past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault
- parent/carer may be over involved in participating in medical tests, taking temperatures and measuring bodily fluids
- observed to be intensely involved with their children, never taking a much needed break nor allowing anyone else to undertake their child's care.
- may appear unusually concerned about the results of investigations which may indicate physical illness in the child
- wider parenting difficulties may (or may not) be associated with this form of abuse
- parent/carer has convictions for violent crimes.

### **Indicators in the family/environment:**

- marginalised or isolated by the community
- history of mental health, alcohol or drug misuse or domestic violence
- history of unexplained death, illness or multiple surgery in parents and/or siblings of the family
- past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault or a culture of physical chastisement.

### **21.3 Perplexing cases which may indicate a possibility of Fabricated or Induced Illness (FII)**

Professionals may be concerned at the possibility of a child suffering significant harm as a result of having illness fabricated or induced by their carer. Possible concerns are:

- discrepancies between reported and observed medical conditions, such as the incidence of fits
- attendance at various hospitals, in different geographical areas
- development of feeding / eating disorders, as a result of unpleasant feeding interactions
- the child developing abnormal attitudes to their own health
- non organic failure to thrive - a child does not put on weight and grow and there is no underlying medical cause
- speech, language or motor developmental delays
- dislike of close physical contact
- attachment disorders
- low self esteem
- poor quality or no relationships with peers because social interactions are restricted
- poor attendance at school and under-achievement.

These cases are very complex and for a case to be considered as FII is after careful and detailed review by a consultant paediatrician. Please see Pan-Sussex Child Protection Procedures for further information [here](#).

Where any school has concerns in this area they must speak with their school nurse in the first instance.

### **21.4 Emotional Abuse**

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child's emotional development. It may involve conveying to children that they are worthless or unloved, inadequate or valued only insofar as they meet the needs of another person.

It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate.

It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child's developmental capability, as well as overprotection and limitation of exploration and learning or preventing the child participating in normal social interaction.

It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children.

Some level of emotional abuse is involved in all types of maltreatment of a child though it may occur alone.

**Indicators in the child:**

- developmental delay
- abnormal attachment between a child and parent/carer e.g. anxious, indiscriminate or no attachment
- aggressive behaviour towards others
- child scapegoated within the family
- frozen watchfulness, particularly in pre-school children
- low self-esteem and lack of confidence
- withdrawn or seen as a 'loner' - difficulty relating to others
- over-reaction to mistakes
- fear of new situations
- inappropriate emotional responses to painful situations
- neurotic behaviour (e.g. rocking, hair twisting, thumb sucking)
- self-harm
- fear of parents being contacted
- extremes of passivity or aggression
- drug/solvent abuse
- chronic running away
- compulsive stealing
- low self-esteem
- air of detachment – 'don't care' attitude
- social isolation – does not join in and has few friends
- depression, withdrawal
- behavioural problems e.g. aggression, attention seeking, hyperactivity, poor attention
- low self-esteem, lack of confidence, fearful, distressed, anxious
- poor peer relationships including withdrawn or isolated behaviour.

**Indicators in the parent/carer:**

- domestic abuse, adult mental health problems and parental substance misuse may be features in families where children are exposed to abuse
- abnormal attachment to child e.g. overly anxious or disinterest in the child
- scapegoats one child in the family
- imposes inappropriate expectations on the child e.g. prevents the child's developmental exploration or learning, or normal social interaction through overprotection
- wider parenting difficulties may, or may not, be associated with this form of abuse.

**Indicators of in the family/environment:**

- lack of support from family or social network
- marginalised or isolated by the community
- history of mental health, alcohol or drug misuse or domestic violence
- history of unexplained death, illness or multiple surgery in parents and/or siblings of the family

- past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault or a culture of physical chastisement.

### **21.5 Neglect**

Neglect is the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse.

### **21.6 Neglect – Using the Neglect Identification and Management Tool (NIMT)**

In order to assist professionals identify and respond to neglect, West Sussex Safeguarding Children Board have adopted the Neglect identification and Management Tool (NIMT). Our school is committed to using this tool to assess concerns and identify support for those children at risk of neglect. As a Governing Body, we will monitor use of this tool whenever assessing children who may be at risk of neglect.

Access to the NIMT tool can be found [HERE](#)

There are also [A Day in My Life Templates](#) to enable professionals to assess the needs of individual children. These tools are fundamental in hearing the child's voice when there are concerns.

Once a child is born, neglect may involve a parent or carer failing to:

- Provide adequate food, clothing and shelter (including exclusion from home or abandonment)
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision (including the use of inadequate caregivers)
- Ensure access to appropriate medical care or treatment.

It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

### **Indicators in the child**

#### **Physical presentation:**

- failure to thrive or, in older children, short stature
- underweight
- frequent hunger
- dirty, unkempt condition
- inadequately clothed, clothing in a poor state of repair
- red/purple mottled skin, particularly on the hands and feet, seen in the winter due to cold
- swollen limbs with sores that are slow to heal, usually associated with cold injury
- abnormal voracious appetite
- dry, sparse hair
- recurrent/untreated infections or skin conditions e.g. severe nappy rash, eczema or persistent head lice/scabies/diarrhoea
- unmanaged / untreated health/medical conditions including poor dental health
- frequent accidents or injuries.

**Development:**

- general delay, especially speech and language delay
- inadequate social skills and poor socialization.

**Emotional/behavioural presentation:**

- attachment disorders
- absence of normal social responsiveness
- indiscriminate behaviour in relationships with adults
- emotionally needy
- compulsive stealing
- constant tiredness
- frequently absent or late at school
- poor self esteem
- destructive tendencies
- thrives away from home environment
- aggressive and impulsive behaviour
- disturbed peer relationships
- self-harming behaviour.

**Indicators in the parent/carer:**

- dirty, unkempt presentation
- inadequately clothed
- inadequate social skills and poor socialisation
- abnormal attachment to the child e.g. anxious
- low self- esteem and lack of confidence
- failure to meet the basic essential needs e.g. adequate food, clothes, warmth, hygiene
- failure to meet the child's health and medical needs e.g. poor dental health; failure to attend or keep appointments with health visitor, GP or hospital; lack of GP registration; failure to seek or comply with appropriate medical treatment; failure to address parental substance misuse during pregnancy
- child left with adults who are intoxicated or violent
- child abandoned or left alone for excessive periods
- wider parenting difficulties, may or may not be associated with this form of abuse.

**Indicators in the family/environment**

- history of neglect in the family
- family marginalised or isolated by the community
- family has history of mental health, alcohol or drug misuse or domestic violence
- history of unexplained death, illness or multiple surgery in parents and/or siblings of the family
- family has a past history of childhood abuse, self-harm, somatising disorder or false allegations of physical or sexual assault or a culture of physical chastisement
- dangerous or hazardous home environment including failure to use home safety equipment; risk from animals

- poor state of home environment e.g. unhygienic facilities, lack of appropriate sleeping arrangements, inadequate ventilation (including passive smoking) and lack of adequate heating
- lack of opportunities for child to play and learn.

### **21.7 Sexual Abuse**

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.

The activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing.

They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet).

Sexual abuse is not solely perpetrated by adult males, women can also commit acts of sexual abuse, as can other children.

#### **Indicators in the child**

##### **Physical presentation:**

- urinary infections, bleeding or soreness in the genital or anal areas
- recurrent pain on passing urine or faeces
- blood on underclothes
- sexually transmitted infections
- vaginal soreness or bleeding
- pregnancy in a younger girl where the identity of the father is not disclosed and/or there is secrecy or vagueness about the identity of the father
- physical symptoms such as injuries to the genital or anal area, bruising to buttocks, abdomen and thighs, sexually transmitted disease, presence of semen on vagina, anus, external genitalia or clothing

##### **Emotional / behavioural presentation:**

- makes a disclosure
- demonstrates sexual knowledge or behaviour inappropriate to age/stage of development, or that is unusually explicit
- inexplicable changes in behaviour, such as becoming aggressive or withdrawn
- self-harm - eating disorders, self-mutilation and suicide attempts
- poor self-image, self-harm, self-hatred
- reluctant to undress for PE
- running away from home
- poor attention / concentration (world of their own)

- sudden changes in school work habits, become truant
- withdrawal, isolation or excessive worrying
- inappropriate sexualised conduct
- sexually exploited or indiscriminate choice of sexual partners
- wetting or other regressive behaviours e.g. thumb sucking
- draws sexually explicit pictures
- Depression.

#### **Indicators in the parents:**

- comments made by the parent/carer about the child
- lack of sexual boundaries
- wider parenting difficulties or vulnerabilities
- grooming behaviour
- parent is a sex offender

#### **Indicators in the family/environment:**

- marginalised or isolated by the community
- history of mental health, alcohol or drug misuse or domestic violence
- history of unexplained death, illness or multiple surgery in parents and/or siblings of the family
- past history of childhood abuse, self-harm, or a culture of physical chastisement
- family member is a sex offender.

## **22 ADDITIONAL SPECIFIC SAFEGUARDING ISSUES, ref: WSCC Schools Safeguarding Handbook 2022.**

### **22.1 Child abduction and community safety incidents**

1. Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends and acquaintances); and by strangers.
2. We recognise other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation.
3. If we are informed about such an incident we will make contact with the police, by 999 if we believe someone is in immediate danger or a crime is being committed.
4. We recognise the benefits of working with the police and taking advice from WSCC press office if sharing concerns about specific incidents with parents.
5. As children get older and are granted more independence (for example, as they start walking to school on their own) it is important they are given practical advice on how to keep themselves safe. We will consider this in our RSHE curriculum, working with partners including the police where we can to enhance the universal taught curriculum.
6. It is important that lessons focus on building children's confidence and abilities rather than simply warning them about all strangers. We will consider this within our wider RSHE curriculum. Further information is available at:

- <http://www.actionagainstabduction.org/>
- <https://clevernevergoes.org/>

## **22.2 Children in the Court system**

### **22.3 Criminal Court**

1. Hazelwick staff will do all they can in supporting any of our children/young people who are required to attend Court to give evidence in criminal court.
2. We recognise that this maybe because crimes were committed against them or for crimes they have witnessed. There are two age appropriate guides to support children 5 – 11 year olds, accessed [here](#) and 12 – 17 year olds accessed [here](#).
3. Our school will ensure our students have access to these booklets. They explain each step of the process, support and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained.

### **22.3 Pre-trial therapy**

Our school will always do all I can to support our students, which includes providing counselling and other types of therapy. We are aware, however, that where the student is a witness in a criminal trial we must ensure relevant guidelines are followed – which can be found [here](#). In any such situation we will be guided by the police in respect of provision of any therapy before trial.

### **22.4 Family court**

Making child arrangements via the family courts following separation can be stressful and trench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online child arrangements information tool with clear and concise information on the dispute resolution service. Our school will make this available as it may be useful for some parents and carers. It can be accessed [here](#).

### **22.5 Children Missing Education**

1. Children Missing Education are at greater risk of exploitation.
2. We will ensure our school understand the safeguarding duties we have when notifying the Local Authority when removing a child from our school roll at non-standard transition times.
3. The full details of our obligations are contained in the WSCC Children Missing Education Policy.
4. Our school will adopt the WSCC policy and guidance in respect of Children Missing Education.

### **22.6 Absence from school**

1. Where children do not turn up for school, we will follow our school's attendance policy.
2. We will ensure we have more than one parent/carer contact number for each student.
3. Where a student has not attended, and we are unable to contact any parent or carer, we will consider the matter from a safeguarding perspective.

4. In particular we will consider if there are any existing child protection or safeguarding concerns for the child – if there are, we will notify the relevant agency of the absence immediately.
5. We will also consider if there are any other special circumstances, for example, child or parent disability that may make it difficult for them to make contact with health or other services if they needed to, especially in times of emergency.
6. If there any concerns our school will consider making a home visit and contacting the Integrated Front Door (formerly MASH).
7. If there are significant concerns, we will contact the police immediately.

#### **22.7 Absence from school – Revised School Attendance Guidance August 2020**

1. Our school will follow the revised [Government Guidance](#) regarding attendance, which is in place from August 2020.
2. We recognise that from the start of the autumn term 2020 student attendance will be mandatory and the usual rules on attendance will apply, including:
  - Parents/carers’ duty to ensure that their child of compulsory school age attends regularly at the school where the child is a registered pupil
  - schools’ responsibilities to record attendance and follow up absence
  - the ability to issue sanctions, including fixed penalty notices, in line with local authorities’ codes of conduct
3. The guidance also gives clear guidance on where not attending in Covid-19 related circumstances will apply.

#### **22.9 Elective Home Education**

1. As a school we recognise that many homes educated children have an overwhelmingly positive learning experience. We would expect the parents’ decision to home educate to be made with their child’s best education at the heart of the decision. However, we also recognise this is not the case for all, and home education can mean some children are less visible to the services that are there to keep them safe and supported in line with their needs.
2. From September 2016 the Education (Pupil Registration) (England) Regulations 2006 were amended so that schools must inform their LA of all deletions from their admission register when a child is taken off roll (See Annex 4 below re removal from roll)
3. Where a parent/carers has expressed their intention to remove a child from school with a view to educating at home, we recognise that KCSiE 2022 recommends that LAs, schools, and other key professionals work together to coordinate a meeting with parents/carers where possible. Ideally, this would be before a final decision has been made, to ensure the parents/carers have considered what is in the best interests of each child. This is particularly important where a child has SEND, is vulnerable, and/or has a social worker.
4. As a school we recognise that, on hearing of parents considering removing a child for EHE, Schools are encouraged to make contact with the EHE team to discuss any concerns they may have.<sup>5</sup>

---

<sup>5</sup> The West Sussex County Council EHE Team can be contacted on - 0330 222 3300 / [ehe@westsussex.gov.uk](mailto:ehe@westsussex.gov.uk)”

5. Where the child is on a Child Protection / Child in Need or Early Help plan, we as a school recognise **we must**, at the earliest opportunity, inform the agencies involved in those plans and the EHE team, and look to hold a meeting with professionals and parents / carers to discuss any concerns and to ensure the parental decision is in the best interest of the child.
6. As a school we are also aware of DfE guidance for local authorities on Elective home education sets out the role and responsibilities of LAs and their powers to engage with parents in relation to EHE. Although this is primarily aimed at LAs, schools should also be familiar with this guidance.<sup>6</sup>

## **22.10 Child Criminal Exploitation and Child Sexual Exploitation (CSE)**

1. We recognise that both CSE and CCE are forms of abuse that occur where an individual or group takes advantage of an imbalance in power to coerce, manipulate or deceive a child into taking part in sexual or criminal activity, in exchange for something the victim needs or wants, and/or for the financial advantage or increased status of the perpetrator or facilitator and/or through violence or the threat of violence. CSE and CCE can affect children, both male and female and can include children who have been moved (commonly referred to as trafficking) for the purpose of exploitation
2. We recognise changes in behaviour can indicate signs of abuse or exploitation and we will, as a school, always hear the voice of the child and establish what underlying causes there are for changes in or continued poor behaviour.

### **All of our staff recognise:**

3. in some cases, the exploitation or abuse will be in exchange for something the victim needs or wants (for example, money, gifts or affection), and/or will be to the financial benefit or other advantage, such as increased status, of the perpetrator or facilitator.
4. Children can be exploited by adult males or females, as individuals or in groups. They may also be exploited by other children, who themselves may be experiencing exploitation – where this is the case, it is important that the child perpetrator is also recognised as a victim.
5. Whilst the age of the child may be a contributing factor for an imbalance of power, there are a range of other factors that could make a child more vulnerable to exploitation, including gender, sexual identity, cognitive ability, learning difficulties, communication ability, physical strength, status, and access to economic or other resources.
6. Some of the following can be indicators of both child criminal and sexual exploitation where children:
  - appear with unexplained gifts, money or new possessions;
  - associate with other children involved in exploitation;
  - suffer from changes in emotional well-being;
  - misuse drugs and alcohol;
  - go missing for periods of time or regularly come home late; and
  - regularly miss school or education or do not take part in education.
7. Children who have been exploited will need additional support to help maintain them in education.
8. CSE can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence.
  - Some additional specific indicators that may be present in CSE are children who:
  - have older boyfriends or girlfriends; and

---

<sup>6</sup> <https://www.gov.uk/government/publications/elective-home-education>

- suffer from sexually transmitted infections, display sexual behaviours beyond expected sexual development or become pregnant.
9. Further information on signs of a child's involvement in sexual exploitation is available in Home Office guidance  
<https://www.gov.uk/government/publications/child-sexual-exploitation-definition-and-guide-for-practitioners>

### **22.11 Concerns a child is being exploited**

1. If we have any concerns a child is being exploited we will take advice from IFD and complete the complex safeguarding child exploitation assessment form found <https://www.westsussexscp.org.uk/professionals/child-exploitation-ce-including-child-sexual-exploitation-cse/child-exploitation-including-child-sexual-exploitation>

### **22.12 County Lines**

1. We recognise 'County Lines' is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs using dedicated mobile phone lines or other form of "deal line". This activity can happen locally as well as across the UK - no specified distance of travel is required. Children and vulnerable adults are exploited to move, store and sell drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims.
2. All our staff will recognise that:
3. Children can be targeted and recruited into county lines in a number of locations including schools (mainstream and special), further and higher educational institutions, pupil referral units, children's homes and care homes.
4. Children are also increasingly being targeted and recruited online using social media. Children can easily become trapped by this type of exploitation as county lines gangs can manufacture drug debts which need to be worked off or threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.
5. A number of the indicators for CSE and CCE as detailed above may be applicable to where children are involved in county lines. Some additional specific indicators that maybe present where a child is criminally exploited through involvement in county lines are children who:
  - go missing and are subsequently found in areas away from their home;
  - have been the victim or perpetrator of serious violence (e.g., knife crime);
  - are involved in receiving requests for drugs via a phone line, moving drugs, handing over and collecting money for drugs;
  - are exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection;

- are found in accommodation that they have no connection with, often called a 'traphouse or cuckooing' or hotel room where there is drug activity;
  - owe a 'debt bond' to their exploiters;
  - have their bank accounts used to facilitate drug dealing.
6. Further information on the signs of a child's involvement in county lines is available in guidance published by the [https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/863323/HOCountyLinesGuidance - Sept2018.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/863323/HOCountyLinesGuidance_-_Sept2018.pdf)

If we are concerned that a child or young person is being exploited or being drawn into exploitation through county lines we will follow the guidance at 22.11 above.

### **22.13 Modern Slavery and the National Referral Mechanism**

1. We recognise modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including: sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs.
2. We recognise that modern slavery affects all members of society and could be happening in our community.
3. Where we have any concerns modern slavery is happening we will contact the police and / or IFD.
4. We recognise we can obtain further information on the signs that someone may be a victim of modern slavery, the support available to victims and how to refer them to the NRM is available in the Modern Slavery Statutory Guidance. <https://www.gov.uk/government/collections/modern-slavery>

### **22.14 Serious Violence**

1. All staff in our school will be aware of the indicators which may signal that children are at risk from or involved with serious violent crime. We will be aware that indicators such as increased absence, a change of friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or injuries. In addition, unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.
2. We understand that such cases are often difficult to identify. As a school we will do all we can to hear the voice of the child, enabling all our children to share concerns, worries or feel enabled to ask for help.
3. Where we are concerned that a child at our school may be involved in serious violence or at risk of exploitation we will complete the child exploitation risk assessment found [here](#).
4. If there are any concerns a child is at risk of serious violence, we will contact Integrated Front Door (formerly MASH) for advice.
5. If we are concerned that the child is at risk of imminent serious violence, we will call the police on 999.

### **22.15 Contextual Safeguarding Networks**

1. Recent developments in building contextual safeguarding network can significantly increase the support to young people at risk of exploitation. This network looks at

different aspects of potential abuse which is committed outside the home. More information can be found in the Pan-Sussex Child Protection and Safeguarding Procedures can be found [here](#).

2. Further advice and guidance can be found by visiting [WSCC Contextual Safeguarding Local Offer](#).

### **22.16 Cybercrime**

1. We recognise Cybercrime is criminal activity committed using computers and/or the internet. It is broadly categorised as either 'cyber-enabled' (crimes that can happen off-line but are enabled at scale and at speed on-line) or 'cyber dependent' (crimes that can be committed only by using a computer). Cyber-dependent crimes include;
  - unauthorised access to computers (illegal 'hacking'), for example accessing a school's computer network to look for test paper answers or change grades awarded;
  - denial of Service (Dos or DDoS) attacks or 'booting'. These are attempts to make a computer, network or website unavailable by overwhelming it with internet traffic from multiple sources; and,
  - making, supplying or obtaining malware (malicious software) such as viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence, including those above.
2. We recognise that children with particular skill and interest in computing and technology may inadvertently or deliberately stray into cyber-dependent crime.
3. If there are concerns about a child in this area, the designated safeguarding lead (or a deputy), we will consider a referral to IFD.
4. We will also consider referring into the Cyber Choices programme. ( A nationwide police programme supported by the Home Office and led by the National Crime Agency, working with regional and local policing. It aims to intervene where young people are at risk of committing, or being drawn into, low level cyber-dependent offences and divert them to a more positive use of their skills and interests.)
5. Note that Cyber Choices does not currently cover 'cyber-enabled' crime such as fraud, purchasing of illegal drugs on-line and child sexual abuse and exploitation, nor other areas of concern such as on-line bullying or general on-line safety.

Additional advice can be found at:

6. National Crime Agency <https://nationalcrimeagency.gov.uk/what-we-do/crime-threats/cyber-crime/cyberchoices>
7. National Cyber Security Centre <https://www.ncsc.gov.uk/>

### **22.17 Domestic Abuse**

1. Our school recognises the definition of domestic abuse to be any incident or pattern of incidents of controlling, coercive, threatening behaviour, violence or abuse between those aged 16 or over who are, or have been, intimate partners or family members regardless of gender or sexuality. The abuse can encompass, but is not limited to:
  - psychological;
  - physical;
  - sexual;
  - financial; and
  - emotional

2. Exposure to domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.
3. Domestic abuse affecting young people can also occur within their personal relationships, as well as in the context of their home life.
4. Any concerns regarding domestic abuse will be considered by the Designated Safeguarding Lead or deputy with advice and guidance obtained from Integrated Front Door (formerly MASH).
5. As outlined in Keeping Children Safe in Education 2022, Operation Encompass helps police and schools work together and enables the school to support the child as soon as possible. Our school has joined the Operation Encompass scheme with Sussex Police.
6. Our school is aware of and will use where necessary the [Operation Encompass Teachers National Helpline](#) 0204 513 9990 in order to support our children if we receive an Operation Encompass notification.
7. Our school is also aware that Early Help and Integrated Front Door (formerly MASH) can also provide support.
8. We are aware that further information can also be obtained from [NSPCC - lockdown and domestic abuse](#), [Refuge - effects on children](#) and [SafeLives: young people and domestic abuse](#)

### **22.18 Homelessness**

1. Our school recognises that being homeless or being at risk of becoming homeless presents a real risk to a child's welfare.
2. The Designated Safeguarding Lead (and any deputies) should be aware of contact details and referral routes into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property.
3. Whilst referrals and or discussion with the Local Housing Authority should be progressed as appropriate, this does not, and should not, replace a referral into Children's Social Care where a child has been harmed or is at risk of harm.
4. The Homelessness Reduction Act 2017 places a new legal duty on English Councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live.
5. The following factsheets usefully summarise the new duties: Homeless Reduction Act Factsheets can be found <https://www.gov.uk/government/publications/homelessness-reduction-bill-policy-factsheets>
6. The new duties shift focus to early intervention and encourage those at risk to seek support as soon as possible, before they are facing a homelessness crisis.
7. In most cases school and staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16 and 17-year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support.

Children's Services will be the lead agency for these young people and the Designated Safeguarding Lead (or a deputy) should ensure appropriate referrals are made based on the child's circumstances.

8. The department and the Ministry of Housing, Communities and Local Government have published joint statutory guidance on the provision of accommodation for 16 and 17 year olds who may be homeless and/or require accommodation and is available [here](#).

### **22.19 So Called Honour Based Violence (HBV) - including Female Genital Mutilation and Forced Marriage**

- So-called 'honour-based' violence (HBV) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving "honour" often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of these dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBV are abuse (regardless of the motivation) and should be managed and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBV, or already having suffered HBV.
- For schools who may use children and/or other family members to translate information to parents and cares – this must not be done if there is a concern of Honour-based Violence (HBV).
- If staff have a concern regarding a child that might be at risk of HBV or who has suffered from HBV, they should speak to the Designated Safeguarding Lead (or deputy) who will in turn contact the Integrated Front Door (formerly MASH).

### **22.20 Female Genital Mutilation (FGM)**

#### **22.21 Legal Obligation to report acts of Female Genital Mutilation**

All schools have a legal obligation to report acts of Female Genital Mutilation.

1. Female Genital Mutilation (FGM) comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.
2. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a girl being at risk of FGM, or already having suffered FGM.
3. From 31<sup>st</sup> October 2015, regulated health and social care professionals and teachers in England and Wales must report 'known' cases of FGM in under 18's which they identify in the course of their professional work to the police.
4. The Home Office has published procedural information on the duty to help health and social care professionals, teachers and the police understand: the legal requirements placed upon them, a suggested process to follow, and an overview of the action which may be taken if they fail to comply with the duty. It also aims to give the police an understanding of the duty and the next steps upon receiving a report.
5. Guidance can be obtained here;

- [Home Office: Mandatory Reporting of FGM – procedure information](#)
- [FGM Mandatory Reporting Fact Sheet](#)
- [FGM Reporting Flowchart for under 18's](#)

### 22.22 Forced Marriage

- Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example).
- Nevertheless, some communities use religion and culture as a way to coerce a person into marriage. We recognise our school/ can play an important role in safeguarding children from forced marriage.
- The Forced Marriage Unit has published [Statutory Guidance Multi-agency Force Marriage Guidance](#) pages 32-35 of which focus on the role of schools.
- Schools and staff who have concerns about a forced marriage should contact the DSL or deputy DSL who should contact Integrated Front Door (formerly MASH) for further advice. Specialist advice can also be obtained from the Forced Marriage Unit on 020 7008 0151 or email [fm@fco.gov.uk](mailto:fm@fco.gov.uk)

### 22.23 Preventing Radicalisation

1. As part of our **safeguarding** training our school/college will train all staff at least annually in respect of preventing radicalisation.
2. We recognise children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk should be a part of a schools' or colleges' safeguarding approach.
3. Extremism is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.
4. Radicalisation refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.
5. Terrorism is an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological cause.
6. There is no single way of identifying whether a child is likely to be susceptible to an extremist ideology. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media or the internet) and settings (such as within the home).
7. However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their

judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or deputy) making a Prevent referral.

## **22.24 The Prevent Duty**

1. The school's or college's designated safeguarding lead (and any deputies) should be aware of local procedures for making a Prevent referral and that our school/college is subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard to the need to prevent people from being drawn into terrorism".
2. This duty is known as the PREVENT Duty.
3. The PREVENT Duty will be seen as part of schools' and colleges' wider safeguarding obligations.
4. Our Designated Safeguarding Leads and other senior leaders will familiarise themselves with the revised Prevent Duty Guidance <https://www.gov.uk/government/publications/prevent-duty-guidance> especially paragraphs 57-76, which are specifically concerned with schools and childcare.
5. The guidance is set out in terms of four general themes: risk assessment, working in partnership, staff training, and IT policies.
6. There is additional guidance: [Prevent duty guidance: for further education institutions in England and Wales](#) that applies to colleges.
7. We recognise that further information can be obtained from [WSCC Preventing Extremism](#) and also Keeping Children Safe in Education 2022 for national on-line training courses(pages 89-91).

## **22.25 Channel Programme – for those at risk of radicalisation**

1. Our school recognises Channel is a voluntary, confidential support programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism.
2. Prevent referrals may be passed to a multi-agency Channel Panel, which will discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required. A representative from the school may be asked to attend the Channel Panel to help with this assessment. An individual's engagement with the programme is entirely voluntary at all stages.
3. Our school designated safeguarding lead/senior staff will understand when it is appropriate to make a referral to the Channel programme.
4. Further information is available here:
  - [Prevent and Channel Duty – A Toolkit for Schools](#)
  - [Channel Guidance](#)
  - [Making a Channel Referral in West Sussex](#)
  - [Prevent Channel Referral Form](#)
5. Further advice and guidance regarding the PREVENT Duty and preventing radicalisation and violent extremism can be accessed on the West Sussex Service for Schools website, accessed <https://schools.westsussex.gov.uk/Services/3601>

## **22.26 Allegations against other pupils which are safeguarding issues**

1. Occasionally, allegations may be made against a pupil by other pupils in the school which are of a safeguarding nature. Safeguarding issues raised in this way may include physical abuse, emotional abuse, sexual abuse and sexual exploitation.
2. Professionals must decide in the circumstances of each case whether or not behaviour directed at another child should be categorised as abusive or not.

### **Examples of safeguarding issues against a student could include:**

#### **Physical abuse:**

- violence, particularly pre-planned
- forcing others to use drugs or alcohol

#### **Emotional abuse:**

- blackmail or extortion
- threats and intimidation (including racist or homophobic/religious remarks, cyber-bullying)
- isolating an individual from social activities
- exploiting any situation which may compel another student to do or not do something against their wishes, for example, sexting

#### **Sexual abuse:**

- indecent exposure, any form of sexual assault, or encouraging others to engage in such activity
- forcing others to watch pornography or taking part in 'sexting'

#### **Sexual Exploitation:**

- encouraging other children to engage in inappropriate sexual behaviour
- photographing or videoing other children performing indecent acts

(For sexual abuse / exploitation see section 24 below)

#### **Procedure**

1. If there is a safeguarding concern, the Designated Safeguarding Lead (DSL) should be informed.
2. A factual record should be made of the allegation, but no attempt at that stage should be made to investigate the circumstances (though further discussion with the alleged victim/perpetrator may be required by the school if further assessment required prior to safeguarding decision).
3. The Designated Safeguarding Lead should contact the IFD to discuss the case where appropriate.
4. The Designated Safeguarding Lead will follow through the outcomes of the discussion and make a referral when appropriate.
5. If the allegation indicates that a potential criminal offence has taken place, school will consult with the police and IFD.
6. Parents of both the perpetrator and the alleged victim should be informed and kept updated on the progress of the referral, unless to do so would place the alleged victim at risk, and/or jeopardise a police investigation. If unsure, advice should be sought from the IFD.

7. The Designated Safeguarding Lead will make a record of the concern and a copy will be kept on both pupils' files.
8. Where neither Children's Social Care nor the police progress an investigation, a thorough investigation should take place using the school's normal disciplinary procedures.
9. In situations where the school considers a safeguarding concern remains present, a risk assessment should be prepared along with a preventative plan. The plan should be monitored, and a date set for a follow up review with everyone concerned. The plan should reflect both the physical and emotional safety of all pupils concerned.

#### **22.27 Children with family members in prison**

- Our school/college is aware of the additional challenges faced by children who have a parent/carer sent to prison. We recognise that this could well be an adverse childhood experience and we also recognise such children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health.
- NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children. Our school/college will work in accordance with that guidance, found [here](#), in supporting children in our school who have a parent or carer in prison.

#### **22.28 Other aspects of risk – Bullying / Emotional Health & Well-being**

- In addition to the information contained in section 12 above, additional information is provided on the following areas;
- Bullying including cyberbullying.
- Our school has an anti-bullying strategy which is used by all staff. National guidance on anti-bullying can be found [here](#). In addition, support for victims of significant bullying can be provided by the local Early Help hub and by visiting [Your Space](#) .

### **23. Sexual Violence and Sexual Harassment between Children in Schools**

1. We are familiar with the guidance and information contained with part 5 KCSiE 2022 and also DfE guidance [https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment\\_data/file/999239/SVSH\\_2021.pdf](https://assets.publishing.service.gov.uk/government/uploads/system/uploads/attachment_data/file/999239/SVSH_2021.pdf) which has been produced to assist schools and colleges to manage cases of sexual violence and harassment between pupils.
2. At our school we believe that all children have a right to attend school and learn in a safe environment. Children should be free from harm by adults in the school and other pupils.
3. We recognise that some pupils will sometimes negatively affect the learning and wellbeing of others and their behaviour will be dealt with under the school's behaviour policy or anti -bullying policy in the first instance.
4. However, we recognise that some allegations may be of such a serious nature that they may raise safeguarding concerns.

5. **All staff** should recognise that children are capable of abusing their peers. All our staff should be clear about our school policy and procedures with regard to peer-on-peer abuse.
6. We recognise the importance of an ambitious broad and balanced curriculum which develops students understanding of consent, acceptable behaviour, keeping themselves safe and healthy relationships.
7. We will ensure that, in our school or college, our policy will include procedures to minimise the risk of peer-on-peer abuse.
8. We recognise and will ensure that systems should be in place (and they should be well promoted, easily understood and easily accessible) for children to confidently report abuse, knowing their concerns will be treated seriously.
9. We understand that schools and colleges not recognising, acknowledging or understanding the scale of harassment and abuse and/or downplaying some behaviours related to abuse can lead to a culture of unacceptable behaviour, an unsafe environment and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it. We will ensure we have a positive cultural of challenge and reporting in our school.
10. We recognise that children may not find it easy to tell staff about their abuse verbally. We understand children can show signs or act in ways that they hope adults will notice and react to. In some cases, the victim may not make a direct report. For example, a friend may make a report, or a member of school or college staff may overhear a conversation that suggests a child has been harmed or a child's own behaviour might indicate that something is wrong. As per this policy, if staff have any concerns about a child's welfare, they should act on them immediately rather than wait to be told.
11. As always when concerned about the welfare of a child, all our staff should act in the best interests of the child. In all cases, schools and colleges should follow general safeguarding principles as set out throughout this policy. Immediate consideration should be given as to how best to support and protect the victim and the alleged perpetrator(s) (and any other children involved/impacted).
12. The starting point regarding any report should always be that there is a zero-tolerance approach to sexual violence and sexual harassment, and it is never acceptable, and it will not be tolerated. It is especially important not to pass off any sexual violence or sexual harassment as "banter", "just having a laugh", "part of growing up" or "boys being boys" as this can lead to a culture of unacceptable behaviours and an unsafe environment for children.
13. Our school/college recognises sexual violence and sexual harassment can occur between two children of **any** age and sex. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.
14. Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and offline (both physical and verbal) and are never acceptable.
15. It is important that **all** victims are taken seriously and offered appropriate support. Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with SEND and LGBT children are at greater risk.

### **23.1 Our staff will recognise the importance of:**

1. Making clear that sexual violence and sexual harassment is not acceptable, will never be tolerated and is not an inevitable part of growing up;
2. not tolerating or dismissing sexual violence or sexual harassment as “banter”, “part of growing up”, “just having a laugh” or “boys being boys”; and
3. Challenging behaviours (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia, flicking bras and lifting up skirts. Dismissing or tolerating such behaviours risks normalising them.
4. Recognition of the gendered nature of peer-on-peer abuse (i.e., that it is more likely that girls will be victims and boys’ perpetrators), but that all peer-on-peer abuse is unacceptable and will be taken seriously.
5. The different forms peer on peer abuse can take, such as: bullying (including cyberbullying).
6. Sexual violence and sexual harassment. (Which is covered in much more detail below).
7. Consensual and non-consensual sharing of nudes and semi-nude images and/or videos (also known as sexting or youth produced sexual imagery) Also covered below.
8. causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party
9. Upskirting, which typically involves taking a picture under a person’s clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.
10. Initiation/hazing type violence and rituals.

### **23.2 Preventing Peer on Peer Abuse**

1. As a school we will
2. Provide a developmentally appropriate education syllabus which develops pupils understanding of consent, acceptable behaviour, keeping themselves safe and healthy relationships.
3. Have systems in place for any pupil to raise concerns with staff, knowing that they will be listened to, believed and valued.
4. Deliver targeted work on assertiveness and keeping safe to those children identified as being at risk.
5. Develop robust risk assessments and providing targeted work for pupils identified as being a potential risk to other pupils.
6. Provide clarity on how allegations of peer-on-peer abuse will be recorded, investigated and dealt with.
7. Have clear processes as to how victims, perpetrators and any other child affected by peer-on-peer abuse will be supported.

8. Provide a clear statement that abuse is abuse and should never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”.
9. Recognise the gendered nature of peer-on-peer abuse (i.e., that it is more likely that girls will be victims and boys’ perpetrators), but that all peer-on-peer abuse is unacceptable and will be taken seriously

### 23.3 Sexual violence – rape & sexual assault, including by penetration.

- We recognise it is important that our staff are aware of sexual violence and the fact children can, and sometimes do, abuse their peers in this way. When referring to sexual violence we are referring to sexual offences under the Sexual Offences Act.
- **Rape:** A person (A) commits an offence of rape if: he intentionally penetrates the vagina, anus or mouth of another person (B) with his penis, B does not consent to the penetration and A does not reasonably believe that B consents.
- **Assault by Penetration:** A person (A) commits an offence if: s/he intentionally penetrates the vagina or anus of another person (B) with a part of her/his body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.
- **Sexual Assault:** A person (A) commits an offence of sexual assault if: s/he intentionally touches another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

### 23.4 What is consent?

1. Consent is about having the freedom and capacity to choose. Consent to sexual activity may be given to one sort of sexual activity but not another, e.g., to vaginal but not anal sex or penetration with conditions, such as wearing a condom. Consent can be withdrawn at any time during sexual activity and each time activity occurs. Someone consents to vaginal, anal or oral penetration only if s/he agrees by choice to that penetration and has the freedom and capacity to make that choice.

### 23.5 Sexual harassment

1. When referring to sexual harassment we mean ‘unwanted conduct of a sexual nature’ that can occur online and offline. When we reference sexual harassment, we do so in the context of child-on-child sexual harassment. Sexual harassment is likely to: violate a child’s dignity, and/or make them feel intimidated, degraded or humiliated and/or create a hostile, offensive or sexualised environment.
2. Whilst not intended to be an exhaustive list, sexual harassment can include:
  - Sexual comments, such as: telling sexual stories, making lewd comments, making sexual remarks about clothes and appearance and calling someone sexualised names;
  - Sexual “jokes” or taunting;
  - Physical behaviour, such as: deliberately brushing against someone, interfering with someone’s clothes (schools and colleges should be considering when any of this crosses a line into sexual violence - it is important to talk to and consider the experience of the victim) and displaying pictures, photos or drawings of a sexual nature; and

- Online sexual harassment. This may be standalone, or part of a wider pattern of sexual harassment and/or sexual violence<sup>7</sup>. It may include:
- Non-consensual sharing of sexual images and videos; Sexualised online bullying; Unwanted sexual comments and messages, including, on social media; and Sexual exploitation; coercion and threats

### 23.6 Upskirting

1. Our school recognises that upskirting is a criminal offence and we will take any allegations of such behaviour very seriously.
2. Upskirting typically involves taking a picture up or under a person's clothing without them knowing. The picture is taken with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm.
3. When an allegation of upskirting is brought to our attention we will respond as we would for any other disclosure of potential abuse.
4. We will follow the principles as set out in responding to reports of sexual violence and harassment above and will take advice from IFD on how to progress any allegation of upskirting.
5. Where any suspect for a case of upskirting is identified as being a pupil at our school we will initially be guided by police but will always seek to support that pupil in accordance with the principles set out in 22.23 below.

### 23.7 Sharing Nudes and semi-nude images

1. We recognise the guidance issued in December 2020 by the Dept for Digital, Culture, Media and Sport and the UK Council for Internet Safety published guidance Sharing nudes and semi nudes: advice for education settings working with children and young people<sup>8</sup>.
2. This guidance separates incidents of those under 18 sharing nude or semi-nude images into two broad areas: 1 - aggravated and 2 - experimental.
3. Aggravated can be sub-categorised into the following areas:
  - An adult is involved,
  - Youth only and there is an intent to harm – for example used to threaten or exploitation, Youth only and reckless misuse – for example sharing images widely without consent but no intent to harm.
4. Experimental can be sub-categorised into
  - Where images have been shared within a romantic context
  - Where young people share images of themselves with others for sexual attention<sup>9</sup>
  - Another reason

---

<sup>7</sup> Project DESHAME provides useful research advice and resources regarding online sexual harassment – found [here](#)

<sup>8</sup><https://www.gov.uk/government/publications/sharing-nudes-and-semi-nudes-advice-for-education-settings-working-with-children-and-young-people/sharing-nudes-and-semi-nudes-advice-for-education-settings-working-with-children-and-young-people>

<sup>9</sup> The guidance identifies sexual attention seeking. The phrase 'sexual attention seeking' is taken directly from the typology however it is important to note that incidents within this category can be a part of normal childhood. A child or young person should not be blamed for taking and sharing their image.

## 5. Response

- We will have a thorough understanding of the guidance and assess each case on its own merits. Where aggravating factors may be present, the matter should be referred to police on 101 and IFD.
- Where there are no clear aggravating factors settings should consider whether a safeguarding referral to IFD should still be made, taking advice from IFD where appropriate

### **23.8 Part Five, Keeping Children Safe in Education**

1. We recognise Part five of Keeping Children Safe in Education contains helpful information and guidance, which we will refer to when managing cases of child sexual violence and harassment.

### **23.9 Responding to reports of sexual violence and sexual harassment**

1. Annex 10 of this policy, *Briefing Note: Sexual violence & harassment between children in schools & colleges* outlines key considerations for schools and colleges. The briefing note contains information on how to respond and refer to reports of sexual violence and sexual harassment, safety plans, and how to support all the children and young people involved.
2. We recognise that this briefing note sets out the local context and outlines when schools should contact the police and the integrated front door. We will use this briefing note when responding to any reports of sexual violence and sexual harassment.
3. We recognise If a report is determined to be unsubstantiated, unfounded, false or malicious, the designated safeguarding lead should consider whether the child and/or the person who has made the allegation is in need of help or may have been abused by someone else and this is a cry for help. In such circumstances, a referral to children's social care may be appropriate.
4. If a report is shown to be deliberately invented or malicious, we will, whilst supporting all young people involved, consider if any action should be taken as per our behaviour policy.

## **24.DEALING WITH A DISCLOSURE OF ABUSE**

### **24.1 We are determined**

1. That our school will be a safe place where children feel able to talk to a trusted adult if they are concerned or worried.
2. We are also determined that all staff, including volunteers, will know how to respond appropriately should a child disclose to them.

### **24.2 If a child discloses – we will:**

- Accept what the child says.
- Stay calm; the pace should be dictated by the child without them being pressed for detail. DO NOT ASK LEADING QUESTIONS such as "did x touch you there?" It is our role to listen - not to investigate.
- If more information is needed to establish if there has been abuse use open questions such as "describe what happened?" "tell me what happened?"

- Use age-appropriate vocabulary and language; avoid jargon or terms the child may not understand.
- Be careful not to burden the child with guilt by asking questions like “Why didn’t you tell me before?” but you could ask ‘Have you spoken to anyone else about this?’
- Acknowledge how hard it maybe for the child to tell anyone what has happened.
- Not criticise the perpetrator, the child may well have a relationship with them.
- Not promise confidentiality but reassure the child that they have done the right thing, explain whom we will have to tell (the Designated Safeguarding Lead) and why and, depending on the child’s age, what the next stage will be. It is important that we avoid making promises that we cannot keep such as “I’ll stay with you all the time” or “it will be all right now.”
- The Designated Safeguarding Lead will decide on when and how to contact the parent / carer to share concerns.
- The Designated Safeguarding Lead will share concerns with parents / carers before making a referral to IFD unless by doing so could escalate the risk to the child or other vulnerable person or impede a police investigation.

If we are in any doubt as to whether to refer the matter, we will speak and discuss with IFD.

### **24.3 When recording information, we will:**

1. Be aware that any records made may well be used in subsequent investigations and possible court hearings.
2. Make detailed notes at the time or immediately afterwards; record the date, time, place and context of disclosure or concern. Record facts and what was said but not your assumption or interpretation.
3. If it is observation of bruising or an injury record the detail, e.g., “right arm above elbow”.
4. Use skin / body maps if necessary – specimen examples are available at Annex 7 below.
5. Not take photographs.
6. Note the non-verbal behaviour and the key words in the language used by the child but do not to translate into ‘adult language’.
7. Record the date, time and location where the notes were made and if anyone else was present.
8. Pass the notes as soon as possible to the Designated Safeguarding Lead.

### **24.4 Reporting Forms**

1. Reporting forms will be readily available to all staff who may require them. Staff should not have to print forms off before being able to complete them.

2. Reporting forms will be located together with the latest copies of Keeping Children Safe in Education, Confidential Reporting Policy and the schools' child protection and safeguarding policy, at various easily accessible points through the school.
3. Annex's 6, 7 & 8 below provides specimen suggested forms, chronologies and skin/body maps for the recording of information.
4. Even where we have a computerised safeguarding system, we will still have paper reporting forms readily available to all staff, so they record concerns as soon as possible. (For example, where the computer system is 'down' or where the member of staff cannot gain access quickly to record the disclosure immediately.)
5. All paper records will be retained as per the record keeping section below. Where an electronic system is in operation, paper records of any disclosures by a child or record made by a staff member relating to a disclosure will be uploaded and the original paper record also retained.

#### **24.5 Support for staff**

1. It is recognised that staff working in a school who have become involved with a child who has suffered harm or appears to be likely to suffer harm may find the situation stressful and upsetting.
2. The school will support such staff by providing an opportunity to talk through their anxieties with the designated safeguarding lead and to seek further support as appropriate. WSCC school staff have access to a free, 24/7 and confidential counselling service, via the employee assistance programme.

### **25 RECORD KEEPING**

#### **25.1 Child Protection Files**

1. We recognise that KCSiE 2022 makes it clear that **All** concerns, discussions and decisions made, and the reasons for those decisions, should be recorded in writing. Information should be kept confidential and stored securely. It is good practice to keep concerns and referrals in a separate child protection file for each child. And,
 

That Records should include:

  - a clear and comprehensive summary of the concern;
  - details of how the concern was followed up and resolved;
  - a note of any action taken, decisions reached and the outcome.
2. If in doubt about recording requirements, staff should discuss with the designated safeguarding lead (or deputy).
3. In our school we recognise the fundamental safeguarding practice of accurately recording safeguarding information. In our school:
4. Records kept for child protection purposes will be kept securely, separate from other records and accessed only by those who need to do so for safeguarding and/or monitoring purposes.
5. Each child will have a separate record.
6. Each record will be accurate, legible and entries made as soon as practicable after a concern is raised.
7. Each recorded concern will have:
  - a) a clear and comprehensive record of the concern,

- b) details of how the concern was followed up and
  - c) a clear record of any action taken, decisions reached and the outcome, including any challenge / escalation to any other agency.
8. It is anticipated that more than one member of staff will have access to records and be able to make entries into a child's safeguarding records. Whether there is any doubt about whether to make a record or not staff must consult with the DSL.
  9. Where computer systems are used, staff will still have access to paper forms so immediate conversations with a child/body map drawing etc. can be made contemporaneously.
  10. Any paper records generated at 4 above will be retained within the file, even where they have been scanned to a computer record.
  11. Where there is more than one sibling, each sibling will have their own record, cross-referenced where necessary to their siblings.
  12. Each file will have a chronology to enable assessment, provide an overview and enable fast time assessment of previous activity.
  13. Each file will have an up-to-date contact number for other key professionals.

## 25.2 When a child moves school

1. Any child protection files relating to that child will be transferred / retained in accordance with guidelines which can be found in the Information Management Toolkit for Schools found <https://irms.org.uk/page/SchoolsToolkit>
2. In line with statutory guidance within KCSiE where children leave the school or college, the Designated Safeguarding Lead will ensure their child protection file is transferred to the new school or college as soon as possible, ensuring secure transit, and confirmation of receipt should be obtained.
3. **For schools, this should be transferred separately from the main pupil file.** Receiving schools and colleges should ensure key staff such as designated safeguarding leads and SENCOs or the named person with oversight for SEN in a college, are aware as required.
4. In addition to the child protection file, the Designated Safeguarding Lead will also consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse and have that support in place for when the child arrives.
5. In accordance with the Information Management Toolkit for Schools, when a child moves from one school to another, the file will move with them. (See Annex 11 below for a specimen file transfer form.) The sending school should not copy nor retain the child protection file unless they are to be used in ongoing proceedings. (Noting the exceptions when the child moves to an independent school or post 16 education provision)

## 26 ALLEGATIONS AGAINST STAFF RECORDS

- Any records generated in respect of an allegation will be kept securely, accessed only by those who require doing so for legitimate investigation/safeguarding/review purposes.

- Any records will be kept separate from any other personal file relating to that staff member
- Any records will not be kept in any child's child protection file.

## **27 MANAGING PROFESSIONAL DIFFERENCES AND CONCERNS**

1. We recognise that, on occasions, we may disagree with a safeguarding decision made by another safeguarding professional or agency. Our school recognises that we must challenge such decisions and recognises such challenge as a vital tool in keeping children safe.
2. On occasions there may be differences of opinion between professionals in response to a specific safeguarding matter, for example, from the view of the school, Children's Social Care closing a case too early or removing a child from a child protection plan too soon.
3. Professional Differences and Concerns Protocol.
4. In such circumstances, the Designated Safeguarding Lead will assess the impact of such a decision on the child(ren) and where concerns remain, the Designated Safeguarding Lead will engage the Managing Professional Differences and Concerns protocol which can be found on the West Sussex Safeguarding Children Website, [Professional disagreements and concerns](#).
5. As a Governing Body we will monitor the use of this protocol in keeping our children safe.

## **28 ADULT SAFEGUARDING PROCEDURES**

1. Our school/college has pupils who attend who are aged 18 or over.
2. All of the fundamental principles of safeguarding apply equally to adults as well as children. For example, safer recruiting, recognising and responding to signs of abuse, referring when there are concerns and accurate record keeping, amongst many others, are all central to effective safeguarding practice.
3. However, the referral route for concerns for those aged 18 and over is different.
4. For education establishments who cater for young people aged 18 and above, or where any other school or college has concerns about a person aged 18 and over, the relevant local statutory guidance is contained within the Sussex Safeguarding Adult Procedures and can be found [here](#).
5. For further advice and guidance in respect of general safeguarding those aged 18 and over can also be found [here](#).
6. To discuss concerns relating to a person aged 18 and over please contact West Sussex Adult Social Care on 01243 642121.
7. Referral to adult's social care should be made using the [Adult Social Care Referral Form](#) on-line form.

## Hazelwick Safeguarding Transfer Record

*To be completed by the establishment sending the files*

Name of student:	
DOB	
Establishment sending CP files	
Address of establishment	
Method of delivery	BY HAND    SECURE POST    ELECTRONICALLY
Date sent/ delivered.	
Name of DSL at sending establishment.	
Name of staff member <u>sending</u> CP file	
Name of staff member CP file <u>being sent to</u>	
Name of DSL at receiving establishment.	
SIGNATURE of person sending	

### **Transferring establishment:**

- Please ensure that the child protection file is passed to the Designated Safeguarding Lead at the receiving school using a secure method of delivery with Part 1 of this form completed.
- All CP files should be sent securely and separately from all other files being transferred.
- If a CP file contains active concerns regarding the student a conversation between DSLs at the sending and receiving establishments should also take place.

**To be completed by receiving school or college**

Name of student:	
Name of establishment receiving file	
Address	
Date received:	
Name of member of staff receiving file	
Signature of receipt of file	
Date of confirmation of receipt sent to previous establishment	
Signature of person sending confirmation of receipt	

**Receiving Establishment:**

- Part 2 should be completed and returned to the Designated Safeguarding Lead at the sending establishment as named in Part 1.

Alternatively, please email Mrs Howland, PA to Deputy Headteacher and DSL, [thowland@hazelwick.org.uk](mailto:thowland@hazelwick.org.uk) to confirm receipt of records

- You are advised to keep a copy for your own reference.
- If a CP file contains active concerns regarding the pupil, a conversation between DSLs at the sending and receiving establishments should also take place.

29 ANNEX 1 – TABLE OF HYPERLINKS USED IN THIS POLICY
